The Department of Disability and Aging Services (DAS) requests authorization to enter into a grant agreement with Swords to Plowshares for the period of September 1, 2020 through June 30, 2022, in an amount of \$657,818, plus a 10% contingency for a total amount not to exceed of \$723,599. The purpose of the grant is to provide supportive services and connection for older adults and adults with disabilities who are veterans.

Background

The Supportive Services and Service Connection for Veterans was a new program funded by DAS in January 2018. The programming and services provided through the grant help address service gaps identified in the FY 17/18 Dignity Fund Community Needs Assessment (DFCNA) and in particular, for military veterans who are older adults and adults with disabilities. The DFCNA highlighted that many older adults and adults with disabilities who are military veterans face unique challenges and barriers in accessing supportive services. The DFCNA also identified the need for programming that promotes socialization, provides support, and at the same time is delivered by a trained and knowledgeable staff in providing supportive services for this specific veteran population.

Swords to Plowshares competitively bid to provide the Supportive Services and Service Connection Program for Veterans in August of 2017. Since January of 2018, they have delivered a successful program, consistently meeting or exceeding service and outcome objectives. The need and demand for a program that specializes in serving military veterans who are older adults and adults with disabilities in the City is ongoing. Swords to Plowshare has also been effective in providing modified programming since the City declared a health emergency on March 6, 2020 due to the Coronavirus pandemic and subsequently enacted Coronavirus (COVID-19) Health Orders to protect public health.

Services to be Provided

Swords to Plowshares will provide community engagement activities and service connection for military veterans who are older adults and adults with disabilities living at six permanent housing veteran housing sites located in the City. They will continue to adhere to the City's COVID-19 Health Orders and provide modified programming to help ensure the health and safety of clients and staff. Their modified programming will be flexible to accommodate changes in the City's COVID-19 Health Orders.

Community engagement activities will emphasize building and supporting community with veterans living at the housing sites. Service connection will focus on providing information about the availability of supportive services in the community and facilitating connections to those services when appropriate. Lastly, because of the heightened difficulty veterans can face when trying to connect with their peers, communities, and services, Swords to Plowshare will make a concerted effort to engage older adults and adults with disabilities living at the housing sites through outreach.

For more specific information regarding the services Swords to Plowshare will provide, please refer to the attached Appendix A.

Performance

Program Monitoring: A programmatic monitoring visit was conducted on January 21, 2020. There were no findings identified in the monitoring.

Fiscal Monitoring: A Citywide Fiscal and Compliance Monitoring site visit was conducted on March 4, 2019. There were no findings identified in the monitoring. A fiscal monitoring for FY 19-20 was scheduled for Self-Assessment through the Citywide monitoring program, but has

been delayed due to COVID. The grantee is currently considered to be in compliant with performance and monitoring requirements.

Selection

Grantee was selected through Request for Proposal # 769, which was competitively bid in August 2017.

Funding

This grant will be funded entirely through local funding, specifically the Dignity Fund.
