The Department of Human Services (DHS) requests authorization to renew the grant with San Francisco Community College District (SFCCD) for the period of October 1, 2020 through September 30, 2021, in an amount of \$836,567 plus a 10% contingency for a total amount not to exceed \$922,423. The purpose of the grant is to provide specialized training for foster family agencies, resource families and group homes.

Background

Since 2002, this grant has provided specialized training services to assist Resource Family Approved (RFA) resource families, group homes, Foster Family Agencies (FFA), Family and Children's Services (FCS) staff, and other Title IV-E eligible agencies to improve the quality of care for children and youth in foster care.

For the past cycle, SFCCD has been the lead agency with three subcontractors: Catholic Charities, Edgewood Center for Children and Their Families and Seneca Family of Agencies. Catholic Charities withdrew from the collaborative this past year. SFCCD's provision of inkind match resources allowed the Department to draw down Federal funds for this project.

Services to be Provided

Grantee, along with the two subcontractors, will continue to develop and provide a training curriculum based on training themes established by FCS and the Parenting for Permanency College (PPC) Collaborative that fulfills the requirements of the Title IV-E federally funded training program, as well as aligns with current child welfare best practices. Classroom training will be offered to FCS and other Title IV-E eligible service providers and resource families. This core function will also include coordination of training schedules and locations, publication of a quarterly training calendar, providing appropriate classroom facilities and materials for courses offered, tracking feedback from course participants to ensure training meets targeted objectives, and maintaining minimum census levels for training sessions scheduled.

For more specific information regarding services to be offered by the Grantee, please refer to Appendix A – Services to be Provided (attached).

Performance

Over the past three years, the grantee has provided numerous trainings that fulfill the requirements of the Title IV-E training program, which align with current child welfare best practices, including "Supporting LGBTQQI Youth & Young Adults in Youth Services, Child Welfare, and Juvenile Justice," "Transitional Age Youth: Thinking Differently about Independence and the Importance of Natural Support Systems, Especially Family," and "Grief & Loss: When New Losses Occur & Old Losses Resurface." Prior to the Shelter in Place Order, SFCCD provided classroom facilities and materials for the courses offered, and was then able to transition to offering trainings virtually online. Tracking feedback has not been consistently shared; the hope is that it will be in the future, in addition to attendance sheets from each of the trainings, as well as an updated training calendar on a quarterly basis.

Site Locations and Hours

Classes will be held Monday-Friday, between 8 AM to 10 PM, and on Saturdays according to the needs of the clients and/or virtually during the COVID Epidemic.
