The Department of Disability and Aging Services (DAS) requests authorization to enter into a new grant agreement with Family Caregiver Alliance (FCA) for the period of January 1, 2021 through June 30, 2022, in an amount of \$1,197,375, plus a 10% contingency for a total amount not to exceed \$1,317,113. The purpose of the grant is to provide respite care to caregivers with temporary in-home or out of home relief from caregiving responsibilities.

#### Background

On November 8, 2016, Proposition I established the Dignity Fund which is administered by DAS. The City Charter Amendment for the Fund established an eleven (11) member Oversight and Advisory Committee (OAC) to monitor and support the administration of the Dignity Fund. The OAC is responsible for developing recommendations for DAS regarding services to older adults and adults with disabilities that are supported by the Fund. DAS is committed to the defined goals in the City Charter and with input from the OAC developed an allocation plan based on known areas of need for older adults and adults with disabilities. This allocation plan contained a caregiver support initiative that included enhanced respite care.

Respite care provides caregivers with temporary in-home or out of home relief from caregiving responsibilities. Respite care is designed to help sustain caregiver health and well-being by giving them short-term breaks which is instrumental in enabling the care receiver to remain in the home and prevent or delay the need for a higher level of care.

#### Services to be Provided

The Grantee will provide respite care through private in-home care or out-of-home care such as attendance at an adult day program. Respite care may be provided directly by the grantee or through one of its identified subcontractors. The target population is unpaid caregivers, 18 years of age and older. Both the caregiver and care receiver must live in the City and County of San Francisco. Respite care shall be provided in a manner that responds to the individual needs and preferences of the caregiver and care receiver. The frequency of respite may be intermittent, occasional, and/or emergency.

- Intermittent Time off a few hours once a week for a limited time to give the caregiver a planned or unscheduled break.
- Occasional Time off for the caregiver to attend a special event.
- Emergency Extended break to address an intervening circumstance, such as caregiver emotional stress or hospitalization and recovery.

On an annual basis, the Grantee will provide respite care to a minimum of 223 unduplicated consumers and provide a minimum of 24,048 hours of respite care to consumers registered in the Dignity Fund Respite Care Program.

The success of the Grantee will be measured through both the service and outcome objectives defined in Appendix A. For more specific information regarding the services, defined objectives, and target population, please refer to the attached Appendix A.

#### Selection

Grantee was selected through Request for Proposals 766, which was competitively bid in September 2017.

### Funding

Funding for this grant is provided Local County General Funds, specifically the Dignity Fund

## FAMILY CAREGIVER ALLIANCE

## CAREGIVER SUPPORT - RESPITE CARE PROGRAM

### January 1, 2021 – June 30, 2022

#### I. Purpose

The purpose of this grant is to assist San Francisco residents who are unpaid caregivers of older adults and/or adults with disabilities by providing respite care and to expand caregiver support services for unpaid caregivers, particularly those with limited or no English-speaking proficiency living in the City and County of San Francisco.

Caregiver support services, including respite care aims to improve both the caregiver's and care recipient's well-being. Respite care specifically is designed to help sustain a caregiver's health and welfare by giving them short-term breaks, which are instrumental in enabling the care recipient to remain in the home and prevent or delay the need for a higher level of care.

The Caregiver Support Respite Care Program funded by this grant agreement is distinct from the Family Caregiver Support Program (FCSP) funded by DAS with Older Americans Act subsidy through the California Department of Aging. The source of funding for the Caregiver Support Respite Care Program is local funding only through the Dignity Fund.
