> The Department of Disability and Aging Services (DAS) requests authorization to modify the existing grant with Shanti Project for the period of July 1, 2021 – June 30, 2023, in the additional amount of \$92,160 plus a 10% contingency for a revised total amount not to exceed \$2,465,977. This modification provides the funding needed for the Mon Ami scheduling app and cost of doing business adjustments.

#### Background

In November 2016, San Francisco voters passed local legislation to establish the Dignity Fund. The Dignity Fund is administered by DAS. The legislation for the Dignity Fund creates protected funding for social services that support older adults, people with disabilities, and their families to safely live and engage in the community. The legislation institutes a planning and four-year funding process and the formation of an oversight body, the Oversight and Advisory Committee (OAC).

DAS and the OAC ensure responsible and equitable allocation of the Dignity Fund. DAS began the planning process in FY 2017-2018 that started with a Community Needs Assessment (DFCNA). Based on the findings from the DFCNA and subsequent follow up equity analysis conducted by SF-HSA, DAS developed the Dignity Fund Services and Allocation Plan (SAP). The SAP is the four-year funding plan that guides funding decisions over the 2020-2023 funding cycle.

The DFCNA process revealed that many consumers, and in particular those populations with one or more equity factors, find the system of social services in the City complex and that navigating the system is daunting and often a barrier to access. The process also revealed that many consumers and City residents as a whole were unaware of the array of services available through DAS. A key recommendation in the DFCNA to address these issues is to provide care navigation and peer support programming. As a result and in alignment with the current SAP, the FY 2019-2020 allocation plan calls for care navigation and peer support programming that targets equity factors identified in the DFCNA.

A care navigation and peer support program can help facilitate and improve service connection, lessen the burden of service navigation, and play a crucial role in helping individuals get the right support at the right time. It can also provide consumer centered support that helps enhance health, well-being and the ability of older adults and adults with disabilities to live safely in their communities.

#### Services to be Provided

The grantee will continue to develop and implement a program for older adults and adults with disabilities who may be reluctant to seek DAS services, find accessing services too complex, or may be unaware of their existence with a particular focus on serving individuals with one or more of the equity factors identified in the DFCNA. The grantee will specifically focus on serving eligible consumers within the LGBTQ community as one of the equity factors identified in the DFCNA. Curry Senior Center, as the subcontractor, will concentrate on serving eligible consumers with one or more of the other equity factors identified in the DFCNA - social isolation, low income, limited or no English speaking proficiency, and communities of color.

The program will have two distinct components -(1) care navigation and (2) peer support. The care navigation component will provide assistance to older adults and adults with disabilities to help guide them through and around barriers in the City's system of social services. Care navigation will include a consumer needs assessment conducted by a trained care navigator and working with enrolled consumers to develop an agreed upon navigation plan for services. Care navigators will assist with facilitation and access to services that are intended to help manage a wide variety of needs. Care navigation may include making appointments for medical care issues, organizing transportation, accompanying enrolled consumers to appointments and advocating for them as needed. The peer support component of the program will offer emotional and practical support to enrolled consumers by trained volunteers, student-interns, and staff. The two program components are complementary and aim to enhance the wellbeing and maximize the safety, health and independence of older adults and adults with disabilities in the community.

#### Modification

Under this modification, the grantee will continue to provide services indicated above. The additional funding will be used to support the Mon Ami app, which is used for scheduling of services by clients and tracking of services provided by volunteers and staff.

#### Selection

Grantee was selected through Request for Proposals (RFP) #851 which was competitively bid in September of 2019.

#### Funding

Funding for this grant is provided through the Dignity Fund.

#### **III.** Target Population

This grant will serve older adults and adults with disabilities living in the City and County of San Francisco and who have one or more of the equity factors identified in the DFCNA. The equity factors identified in the DFCNA are the following:

- Social Isolation
- Low Income
- Limited or No English Speaking Proficiency
- Minorities (also referred to as communities of color in DFCNA)
- Sexual Orientation and Gender Identity

## IV. Eligibility for Program Enrollment

- 1. A resident of San Francisco, and
- 2. A person who is an older adult or an adult with a disability

## V. Description of Services

#### **Care Navigation**

- 1. Grantee will develop and implement a program that utilizes care navigation and peer support to help facilitate service connections and access for older adults and adults with disabilities, lessen the burden of service navigation, and promote engagement with available resources. The program will focus on providing service connections for eligible consumers with one or more of the equity factors identified in the DFCNA who may be reluctant to seek DAS services, find accessing services too complex, or maybe unaware of their existence.
  - Care navigation services include but are not limited to the following: comprehensive consumer intake, follow up, on-going assessment, information and

referral, care coordination, facilitation of drop-in services, coordination of peer support, assistance with support group access, psychosocial support including practical assistance and emotional support.

- Care navigators are trained to facilitate connections and access available resources in the City. Care navigators will serve as a point of contact for eligible consumers. Care navigators are not required to have specific licensure or graduate-level training. Care navigator qualifications include expertise in coordinating supportive service care, conducting advocacy, and/or providing psychosocial support for the target population. Care navigators shall be experienced and competent in working with the identified target population including relevant cultural and linguistic proficiency.
- Care navigators may help with the development and utilization of volunteers who provide peer support for consumers participating in the program. This may include but is not limited to matching peer support volunteers with clients and assisting with the facilitation of peer support volunteer trainings.
- Care navigators may conduct outreach to the target populations and recruit volunteers for the peer support program.
- 2. Grantee will conduct outreach to the target populations and create alternative pathways to reach older adults and adults with disabilities who may be reluctant to seek DAS services, find accessing services too complex, or may be unaware of their existence.
- 3. Grantee will provide peer support services to older adults and adults with disabilities with volunteers. The role of a peer support volunteer may include but is not limited to offering emotional support, sharing knowledge, teaching skills, providing practical assistance, and connecting individuals with resources, opportunities, communities of support, and other people.
- 4. Grantee will conduct outreach to recruit peer support volunteers. The grantee will screen and assess potential volunteers to evaluate their capacity to provide consistent and prolonged volunteer support. A volunteer should be able to provide a minimum of two hours of peer support per week for a minimum of six months. An assessment of a peer support volunteer should include an evaluation of their physical and mental health status, their capacity to provide emotional, social, and practical support to the target population. The grantee will also conduct background checks for all peer volunteers.
- 5. Grantee will develop a training program for a peer support volunteer. Grantee will ensure that the training will be comprehensive (a minimum of 20 hours) and includes but not limited to cultural competency, active listening, counselor-consumer boundaries, mandated reporting, suicide ideation, clinical issues, psychosocial issues, mental and/or cognitive and/or physical impairments. Training must be provided before a volunteer begins providing peer support.
- 6. Grantee will have readily available resources that volunteers can access as needed to help and support them in their role as a peer support volunteer.

- 7. Grantee will ensure that the matching process of a peer support volunteer with an older adult or adult with disability is intentional and based on the consumer's practical needs as well as relevant preferences such as commonality, shared identities, and/or demographic preferences to promote successful pairings.
- 8. Grantee will have each volunteer sign a peer support volunteer agreement that provides guidelines and expectations regarding their work as a volunteer including but not limited to, length of commitment, number of volunteer hours provided weekly, confidentiality, and appropriate and acceptable activities to engage in with a consumer.
- 9. Grantee will ensure that units of service provided through this grant agreement are tracked and distinguishable, including the number of care navigation hours, peer support volunteers, and peer support volunteer hours.
- 10. Grantee will maintain a subcontract agreement with Curry Senior Center to provide peer support and care navigation services with particular focus on reaching older adults and/or adults with disabilities with the following equity factors identified in the DFCNA: social isolation, limited or no English speaking proficiency, and minorities (also referred to as communities of color in DFCNA).
- 11. Grantee will ensure that the peer support and care navigation services sub-contracted to Curry Senior Center are consistent with the description of services outlined in the Appendix A-1 and compliant with local/city, state, and federal regulatory agencies, including DAS policy memoranda manual.
- 12. Grantee will notify DAS of modifications to the subcontract agreement with Curry Senior Center that result in the reallocation of funding identified in Appendix B-2 and/or service provision. Modifications to the subcontract agreement with Curry Senior Center are subject to DAS approval.
- 13. Grantee will work with Mon Ami, an app which is used for scheduling of services by clients and tracking of services provided by volunteers and staff.

## Coronavirus Emergency Response Volunteer (CERV) Program

In response to the COVID-19 pandemic, Shanti Project has coordinated with DAS' Benefits and Resource Hub to launch the Coronavirus Emergency Response Volunteer (CERV) Program. The program allows DAS social workers to coordinate with Shanti matching of clients in need with a care navigator and a recruited and trained volunteer supported by Shanti to assist clients with grocery shopping, medication delivery, mail pickup and other needs.

## VI. Location and Time of Services

Details of the sites and operation hours are as attached in the site chart (Appendix E.)

#### VII. Service Objectives

On an annual basis, Grantee will meet the following Service Objectives for the Care Navigation and Peer Support Program detailed in Table A below:

Service Objective Summary Table	FY 2019- 2020*	FY 2020- 2021	FY 2021- 2022	FY 2022- 2023

#### VIII. Outcome Objectives

On an annual basis, the grantee will measure and meet the following outcome objectives:

- 1. At least 75% of the surveyed consumers will report that participation in the Care Navigation and Peer Support Program helped them navigate the service system more efficiently and effectively.\*
- 2. At least 60% of the surveyed consumers who accessed services through a care navigator will report that the care navigator helped them to overcome barriers to services.\*
- 3. At least 75% of the consumers who accessed services through a peer support volunteer will report connecting to a new service or program that enhanced their well-being.\*
- 4. At least 80% of peer support volunteers will report that their training was comprehensive and helpful to their program role.\*
- 5. At least 75% of trained CERV volunteers will be matched with a Covid-19 related volunteer opportunity.
- 6. At least 90% of CERV clients will have their needs met through Shanti Care Navigation or a CERV volunteer.

\*Based on a survey created by the grantee with input from DAS and a sample size of at least 60% of the enrolled unduplicated consumer.

## IX. Reporting and Other Requirements

1. Grantee will enroll eligible consumers into the program funded through this grant agreement by entering the consumer data obtained from consumers using the DAS

provided or DAS approved intake form into the CA GetCare database in accordance to DAS policy.

- 2. Grantee will enter into the CA GetCare Service Unit section all the units of service by the 5th working day of the month for the preceding month.
- Grantee will enter monthly reports and metrics into the CARBON database system by the 15th of the following month that includes the following information: 

   Number of unduplicated consumers served during the month.
   Number of units of service provided during the month.
- 4. Grantee will provide an annual report summarizing the contract activities, referencing the tasks as described in Section VII and VIII, Service Objectives and Outcome Objectives, respectively. This report will also include accomplishments and challenges encountered by the Grantee. Grantee will enter the annual metrics in the CARBON database by the 15th of the month following the end of the program year.
- 5. Grantee shall issue a fiscal closeout report at the end of the fiscal year. The Grantee will submit the report to SF-HSA through CARBON system no later than July 31 each grant year.
- 6. Grantee will provide an annual satisfaction survey report to DAS by March 15 each grant year or a mutually agreed upon date between DAS and the Grantee.
- 7. Grantee shall develop and deliver a bi-annual summary report of SOGI data collected in each grant year as requested by SF-HSA. The due date for submitting the bi-annual summary report is no later than July 10 and January 10 each grant year.
- 8. Grantee program staff will complete the California Department of Aging (CDA) Security Awareness Training on an annual basis; Grantee will maintain evidence of staff completion of this training.
- 9. Grantee will be compliant with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security rules. For specific compliance requirements, please refer to Appendices within the Grant Agreement.
- 10. Grantee will develop and maintain with OCP's approval, an updated site chart (Appendix G-1) using an approved OCP with details about the program.
- 11. Grantee shall develop and deliver ad hoc reports as requested by SF-HSA and/or DAS. For assistance with reporting requirements or submission of reports, contact:
