The Department of Aging and Adult Services requests authorization to modify various existing grant agreements with SAN FRANCISCO MARIN FOOD BANK and SELF-HELP FOR THE ELDERLY for the provision of nutrition services to seniors and adults with disabilities for the period beginning July 1, 2017 and ending June 30, 2022. The total of the modified grant amounts plus a 10% contingency will not exceed \$10,374,680. The purpose of this modification is to increase home-delivered meals to adults with disabilities and to expand the Food Assistance Program to seniors and adults with disabilities.

Background

Adequate nutrition is critical to the health, functioning, and increased quality of life for San Francisco's aging population. The Elderly Nutrition Program (ENP), authorized through Title III,

Edwin M. Lee, Mayor

under the Older Americans Act, is intended to improve the dietary intake of participants and to offer participants opportunities to create informal support networks. The legislative intent is to ensure community-based services are available to older adults who may be at risk of losing their independence. DAAS has provided ENP services since 1975. The ENP managed by the department is the largest elderly community nutrition services program in San Francisco.

The funding for program increases included in this memo is part of FY 2017-2018 Add Back from the Mayor's Budget Office and Board of Supervisors. Office on Aging (OOA) used the following principles and guidelines for FY 17/18 Add Backs: restore service units to previously approved FY16/17 contract levels, allocate additional funds for over-served contracts, address other needs identified through DAAS needs assessment, and address recent program changes.

Services to be Provided

Grantees will continue to provide and expand services for the programs listed below. The homedelivered meals (HDM) are delivered hot, chilled or frozen to the homes of eligible individuals throughout the City; Grantees/Contractor will provide nutrition compliance services to meet DAAS nutrition program requirements. The Elderly Nutrition Program (ENP) meals service provision is regulated by California Retail Food Code (CRFC), Occupational Safety and Health Administration (OSHA) Code, and requirements stipulated in California Code of Regulations Title 22 Division 1.8 and Older Americans Act. The San Francisco ENP and non-ENP programs also follow Office on the Aging nutrition standards. The target populations are eligible residents of San Francisco, aged 18 and above.

- HDM service to adults with disabilities (AWD): Adults with disabilities who are nonambulatory and meet the HDM eligibility requirements are eligible to receive homedelivered meals. Eligibility assessments and follow-ups for consumers of any AWD HDM provider are centrally performed by one grantee.
- **Food Assistance Program:** Provides food to low-income seniors and adults with disabilities by means of authorized community-based food distribution centers, pantries, and home-delivered grocery (HDG) partners. Currently, there is one sole source provider for the Food Assistance Program for a term of five years.

The Add Back funding will significantly help to expand and serve more people on the waiting list for food pantry and HDG programs. It will add 2,540 unduplicated clients annually to the contract and add 507,184 food bags over the five (5) years of the contract, which is 91% increase in service units.

The funding increase will help to restore the food pantry program to FY16/17 service levels and allows for projected growth for both home delivered grocery program and food pantry program.
