PERCENTAGE:	88%	0%	12%			100%

The Department of Aging & Adult Services (DAAS) requests authorization to modify the existing grant agreement with Curry Senior Center for Community Services for the term of July 1, 2016 through June 30, 2018 in the additional amount of \$60,000 for revised FY 16-17 and FY 17-18 annual amounts of \$170,795 plus a 10% contingency for a total not to exceed grant amount of \$754,059. The purpose of the modification is for the continued provision of a security guard on-site at the community center.

Background

Community Services funding is an integral part of the Department of Aging and Adult Services overall budget and service plan. Activity/Senior Centers play a very important role in promoting socialization and maintaining independence among aging adults and adults living with disabilities.

In San Francisco, Activity/Senior Centers are credited with being more than just a meeting place for older adults. Besides providing a positive avenue to create new friendships and social networks, the centers offer a wide array of activities and programming to enhance the cultural, educational, mental and physical well-being of participants. A real focus is placed on the centers to be as inclusive of the various diverse communities that make up San Francisco. Often times, activity/senior centers are the entry point for many seniors/adults with disabilities in need of additional services.

Community Services consist of activities/services that focus on the physical, social, psychological, economic, educational, recreational, and/or creative needs of older persons and adults with disabilities. Such services are provided in the agency's community center and in the community.

Services to be Provided

This grant modification would allow for uninterrupted security guard services on site for the next two fiscal years. Curry Senior Center is located at 333 Turk Street (between Leavenworth and Hyde) in the Tenderloin neighborhood of San Francisco. The neighborhood has proven to be challenging as Curry Senior Center strives to ensure a safe and secure setting for its clients and staff members. There have been several incidents around the Center and its programs which necessitate the employment of security personnel. Since August 2014, Curry has employed a full time security guard, benefitting not only their Community Services program, but also their Case Management program, Medical clinic, congregate meal program, and senior housing which are all located on the same block.

Curry Senior Center continues to work with their local police station, their District Supervisor, the City Attorney's office, as well as nearby businesses and non-profits in order to address safety and crime issues affecting service delivery. This modification supports the continued provision of a security guard for its community service programs.

Grantee Selection

Grantee was selected through a Notice of Funding Availability (NOFA) #531 DAAS Community Services, issued on December 4, 2012.

Funding

Funding for this grant modification is provided entirely by the City and County General Fund as a result of the addback budget process this fiscal year for FY 2016-17 and FY 2017-18.
