2016-2020 Four Year Area Plan/ Annual Update

Check one: FY 16-20 FY 17-18 FY 18-19 FY 19-20

AAA Name: San Francisco Department of Aging & Adult Services

PSA 6

This Area Plan is hereby submitted to the California Department of Aging for approval. The Governing Board and the Advisory Council have each had the opportunity to participate in the planning process and to review and comment on the Area Plan. The Governing Board, Advisory Council, and Area Agency Director actively support the planning and development of community-based systems of care and will ensure compliance with the assurances set forth in this Area Plan. The undersigned recognize the responsibility within each community to establish systems in order to address the care needs of older individuals and their family caregivers in this planning and service area.

POPULATION ESTIMATES

The charts below show a demographic breakdown of (A) all older adults (age 60+) in San Francisco, and (B) older adults with incomes at or below the federal poverty threshold. Note that recent estimates from the California Department of Finance suggest that San Francisco's senior population (age 65+) will grow at an average rate of 3% per year over the next ten years.²

According to the American Community Survey 2016 5-year estimates, there were 172,451 seniors age 60 or older in San Francisco, of whom 23,995 (14%) had incomes at or below the poverty threshold.

Chart A. San Francisco Seniors (Age 60+)

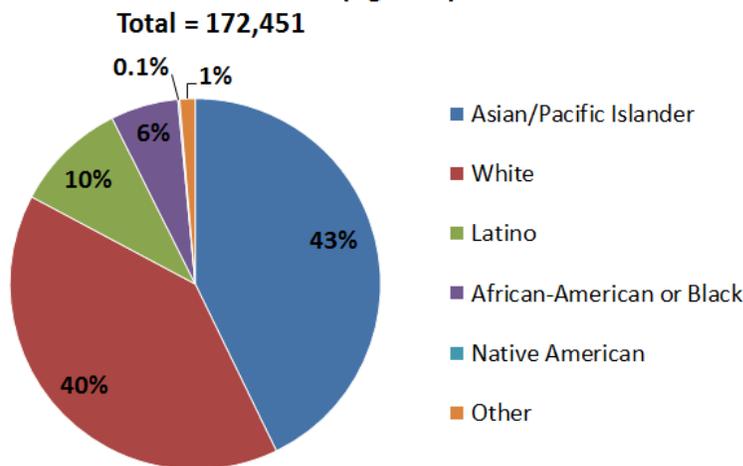

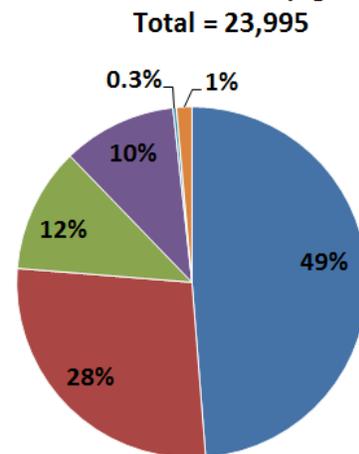

Chart B. San Francisco Seniors (Age 60+) in Poverty

Source: American Community Survey 2016 5-Year Estimates. Accessed through University of Minnesota IPUMS-USA datasets.

As shown above, seniors aged 60 and older are primarily Asian/Pacific Islander (API) and white. However, almost half of seniors living in poverty are API. Latino and African-American seniors are also overrepresented in the low-income population.

However, it is important to note that the federal poverty threshold does not fully capture all low-income seniors. As a static measure that does not factor in cost of living, the federal poverty threshold is arguably more a measure of destitution.

The limitations of relying on FPL to assess need are highlighted in a 2015 study by the UCLA Center for Health Policy Research.³ This study used the Elder Economic Security Standard Index, which incorporates variation in cost of living by county and by housing tenure to estimate

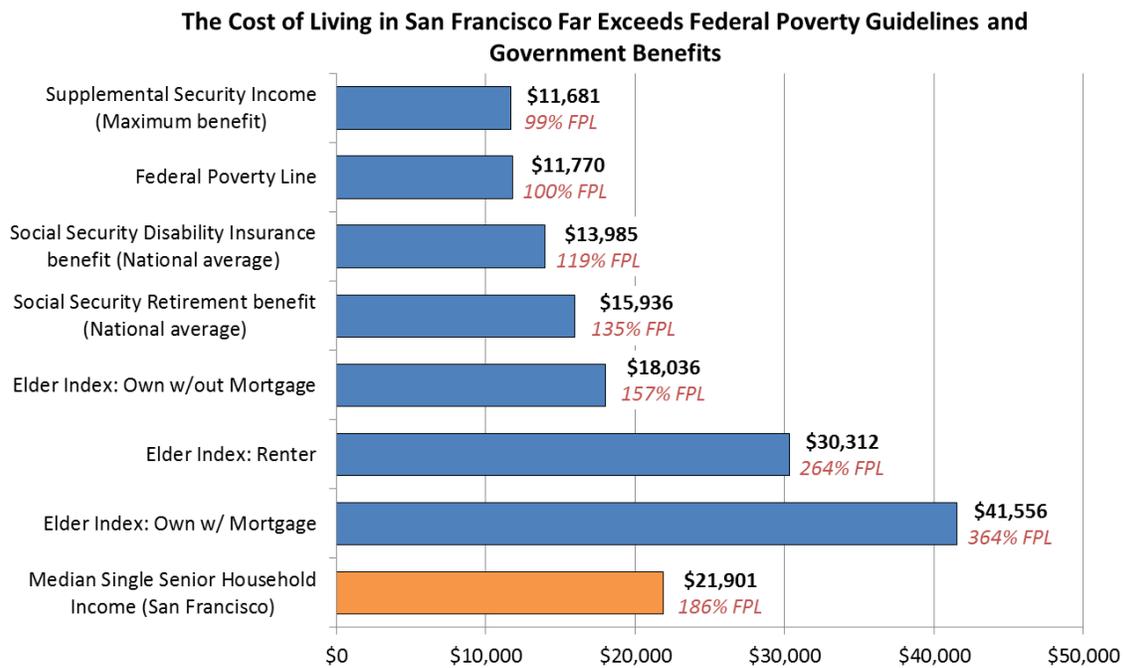

² California Department of Finance Research Demographic Unit, *Report P-1 (Age) State and County Population Projections by Major Age Groups*. Available online:

<http://www.dof.ca.gov/research/demographic/reports/projections/P-1/>

³ Padilla-Frausto, DI and Wallace, SP. (2015). *The Hidden Poor: Over Three-Quarters of a Million Older Adults Overlooked by Official Poverty Line*. Los Angeles, CA: UCLA Center for Health Policy Research. Accessed online November 3, 2015, at <http://healthpolicy.ucla.edu/publications/search/pages/detail.aspx?PubID=1417>.

a basic self-sufficiency standard, to identify the hidden poor. Findings from this study suggest that approximately 30% of single seniors and 29% of senior couples age 65 and older are among the hidden poor – their income is above the federal poverty line but below the Elder Index thresholds for a decent standard of living. In total, an estimated 57% of single senior households and 39% of two-person senior households have inadequate income to meet a basic standard of living, representing at least 38,000 San Franciscans age 65 and older.

As shown in the chart below, the estimated cost of living in San Francisco far exceeds federal poverty guidelines and government benefits. Supplemental Security Income (SSI), the federal supplemental income stipend for the most impoverished older adults and persons with disabilities, provides a maximum benefit lower than the federal poverty line; anyone receiving SSI benefits is living in poverty. The national average Social Security retirement benefit is slightly less than \$16,000 per year (135% of FPL). Retirees without alternate retirement benefits or significant savings would likely struggle to make ends meet in San Francisco at this income level.

PUBLIC HEARINGS

At least one public hearing must be held each year of the four-year planning cycle.
CCR Title 22, Article 3, Section 7302(a)(10) and Section 7308, OAA 2006 306(a)

Fiscal Year	Date	Location	Number of Attendees	Presented in languages other than English? ⁴ Yes or No	Was hearing held at a Long-Term Care Facility? ⁵ Yes or No
2016-17	a. 4/6/2016	a. San Francisco City Hall, Rm 416	a. 51	a. No	a. No
	b. 4/20/2016	b. DAAS (1650 Mission St)	b. 22	b. No	b. No
2017-18	a. 4/19/2017	a. DAAS (1650 Mission St)	a. 23	a. No	a. No
	b. 5/3/2017	b. San Francisco City Hall, Rm 416	b. 42	b. No	b. No
2018-19	a. 3/21/2018	a. DAAS (1650 Mission St)	a. 20	c. No	c. No
	b. 5/2/2018	b. San Francisco City Hall, Rm 416	b. 55	d. No	d. No
2019-20	a. 2/20/2019	a. DAAS (1650 Mission St)	c. 16	e. No	e. No
	b. 3/6/2019	b. San Francisco City Hall, Rm 416	d. 22	f. No	f. No

The following must be discussed at each Public Hearing conducted during the planning cycle:

1. Summarize the outreach efforts used in seeking input into the Area Plan from institutionalized, homebound, and/or disabled older individuals.

PSA: *FY 16-17:* All Office on the Aging contractors and interested parties were notified of the public meetings. A public notice was also announced in the San Francisco Chronicle. The Area Plan was posted online with the agenda items for the April 6, 2016, meeting and an announcement was sent out. Members of the Advisory Council, DAAS Commission, and the public were asked to provide feedback in meetings or via email.

FY 17-18: A The meetings were publicly noticed in the San Francisco Chronicle, and the meeting dates were announced at the DAAS Commission meeting a month in advance.

FY 18-19: The meetings were publicly noticed in the San Francisco Examiner,

⁴ A translator is not required unless the AAA determines a significant number of attendees require translation services.

⁵ AAAs are encouraged to include individuals in LTC facilities in the planning process, but hearings are not required to be held in LTC facilities.

and the meeting dates were announced at the DAAS Commission meeting a month in advance.

FY 19-20: The meetings were publicly noticed in the San Francisco Examiner, and the meeting dates were announced at the DAAS Commission meeting a month in advance.

2. Were proposed expenditures for Program Development (PD) or Coordination (C) discussed?

Yes. Go to question #3

Not applicable, PD and/or C funds are not used. Go to question #4

3. Summarize the comments received concerning proposed expenditures for PD and/or C

PSA: N/A

4. Attendees were provided the opportunity to testify regarding setting minimum percentages of Title III B program funds to meet the adequate proportion of funding for Priority Services

Yes. Go to question #5

No, Explain:

5. Summarize the comments received concerning minimum percentages of Title IIIB funds to meet the adequate proportion of funding for priority services.

PSA: No comments were made about the minimum percentages of Title IIIB funds in any of the years of this Area Plan.

6. List any other issues discussed or raised at the public hearing.

PSA: *FY 16-17:* At the public meeting on April 6, DAAS Commissioner Gustavo Serriña asked about the reliability of census data and the potential for undercounting. Rose Johns discussed factors that may inhibit data collection for certain groups (e.g., persons with disabilities, low-income) but noted DAAS and HSA are confident in its usability. DAAS Commissioner Neil Sims asked about the size of the senior population living on Treasure Island and asked if the numbers were small. Ms. Johns confirmed this trend. Commission President Edna James asked about the African-American and Latino partnership groups and asked for an update on those groups at the next Commission meeting. President James also noted that isolated seniors and adults with disabilities require targeted outreach in the event of a disaster. At the public meeting on April 20, there was discussion about the need to support employment opportunities for seniors and adults with disabilities.

FY 17-18: At the public meeting on April 19, Advisory Council members discussed the importance of supporting employment opportunities for older adults, particularly in city and community agencies that serve the population.

FY 18-19: At the public meeting on February 21, Advisory Council members asked questions about contracting monitoring processes and discussed the importance of collecting and reporting on sexual orientation and gender identity data.

FY 19-20: At the public meeting on February 20, Advisory Council members asked for clarification regarding the transportation services funded by DAAS and how these services align with the City's paratransit services.

7. Note any changes to the Area Plan which were a result of input by attendees.

PSA: *FY 16-17:* N/A

FY 17-18: N/A

FY 18-19: N/A

FY 19-20: N/A

TITLE IIIB/VIIA – LONG-TERM CARE OMBUDSMAN OBJECTIVES

See the “Area Plan Narrative Objectives” Section for complete list of objectives and updates

Goal #4: Improve Service Quality		
Rationale: Quality standards help maximize the positive impact of services for seniors and adults with disabilities. Key components of quality include program accountability, performance measurement, and cultural competency. Technical assistance and support supports service quality.		
Objective	Projected Start and End Dates	Title IIIB Funded PD or C
4e. DAAS will work with the LTC Ombudsman program to ensure service is meeting the diverse needs of the local senior and disabled populations. This includes maintaining capacity to serve Chinese-speaking clients, as well as ensuring proper implementation of recent City of San Francisco legislation related to LGBT residents.	July 2016 to June 2020	

FY 2019-20 Update:

The LTC Ombudsman program has further increased Chinese language capacity in-house by developing and hiring another part-time bilingual staff position, bringing the total to 3 part-time Chinese bilingual staff. Volunteer recruitment efforts have been successful in increasing total certified volunteers from previous year, though bilingual volunteers have been difficult to recruit. The LTC Ombudsman program will continue to grow volunteers corps with a focus on bilingual volunteers. Target for total volunteers working for the program will be 23 in FY 2019-20. Additionally, the LTC Ombudsman program will participate in the development and launch of a live training regarding state and local LGBT rights in long-term care facilities.

TITLE VIIA – ELDER ABUSE PREVENTION OBJECTIVES

See the “Area Plan Narrative Objectives” Section for complete list of objectives and updates

Goal #2: Establish Better Coordination of Services		
Rationale: San Francisco has some of the most creative and effective community-based long-term care programs in the country. But the City does not yet have a well-coordinated network of home, community-based and institutional long-term care services. Services will need to be provided through a well-coordinated service delivery network that will enable older adults and adults with disabilities to remain as independent as possible in their homes and communities in the most integrated settings.		
Objective	Projected Start and End Dates	Title IIB Funded PD or C
2a. DAAS collaborates with several community partners and criminal justice agencies to prevent and mitigate abuse of elders and adults with disabilities. The Forensic Center convenes a multi-disciplinary team of service providers, law enforcement, the Ombudsman and Adult Protective Services to collaborate around the resolution of complex cases of abuse, neglect, and self-neglect. Providing outreach and education to mandated reporters, as well as the community, is a key focus for the Elder Abuse Prevention program. This program has recently launched a new initiative aimed at educating veterans, their families, and service providers about financial exploitation targeting Veterans Administration benefits. Prevention activities will include education to veterans and their providers, a public awareness campaign, as well as stakeholder collaboration to improve identification and response to financial abuse.	July 2016 to June 2020	

FY 2019-20 Update:

The Elder Abuse Prevention program continues its work to educate vulnerable adults and service providers on elder abuse awareness, anticipating similar service levels as in prior years. This is provided in a variety of languages to meet the primary language needs of the City's diverse older adult population. In FY 2018-19, APS is working with the Forensic Center on creating an Elder Death Review Team (EDRT). Key partners are the City's District Attorney's Office and the City's Medical Examiner. In reviewing cases of deceased vulnerable adults that may have been victims of abuse, the EDRT aims to identify how the abuse/neglect/or exploitation took place, and then form methods to collaborate between agencies to prevent similar actions to other vulnerable adults in the future.

SERVICE UNIT PLAN (SUP) OBJECTIVES AND LTC OMBUDSMAN PROGRAM OUTCOMES

TITLE III/VIA SERVICE UNIT PLAN OBJECTIVES CCR Article 3, Section 7300(d)

The Service Unit Plan (SUP) uses the National Aging Program Information System (NAPIS) Categories and units of service. They are defined in the [NAPIS State Program Report \(SPR\)](#). The Service Unit Plan (SUP) uses the National Aging Program Information System (NAPIS) Categories and units of service. They are defined in the [NAPIS State Program Report \(SPR\)](#).

For services not defined in NAPIS, refer to the [Service Categories and Data Dictionary and the National Ombudsman Reporting System \(NORS\) Instructions](#).

Report the units of service to be provided with ALL funding sources. Related funding is reported in the annual Area Plan Budget (CDA 122) for Titles IIIB, IIIC-1, IIIC-2, IIID, and VIIA.

✘ 1. Personal Care (In-Home)

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)

2019-2020			

15. NAPIS Service Category – “Other” Title III Services

- Each Title IIIB “Other” service must be an approved NAPIS Program 15 service listed on the “Schedule of Supportive Services (III B)” page of the Area Plan Budget (CDA 122) and the CDA Service Categories and Data Dictionary.
- Identify Title IIIB services to be funded that were not reported in NAPIS categories 1–14 and 16. (Identify the specific activity under the Other Supportive Service Category on the “Units of Service” line when applicable.)

Title IIIB, Other Priority and Non-Priority Supportive Services

For all Title IIIB “Other” Supportive Services, use the appropriate Service Category name and Unit of Service (Unit Measure) listed in the CDA Service Categories and Data Dictionary.

Other Priority Supportive Services include: Alzheimer’s Day Care, Comprehensive Assessment, Health, Mental Health, Public Information, Residential Repairs/Modifications, Respite Care, Telephone Reassurance, and Visiting

Other Non-Priority Supportive Services include: Cash/Material Aid, Community Education, Disaster Preparedness Materials, Emergency Preparedness, Employment, Housing, Interpretation/Translation,

Mobility Management, Peer Counseling, Personal Affairs Assistance, Personal/Home Security, Registry, Senior Center Activities, and Senior Center Staffing

All "Other" services must be listed separately. Duplicate the table below as needed.

Other Supportive Service Category		Unit of Service	
Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers
2016-2017			
2017-2018			
2018-2019			
2019-2020			

⊗ 16. Title IIID/ Disease Prevention and Health Promotion

Instructions for Title IIID Disease Prevention and Health Promotion: Enter the proposed units of service and the Program Goal and Objective number(s) that provides a narrative description of the program and explains how the service activity meets the criteria for evidence-based programs described in PM 15-10.

Unit of Service = 1 contact

Service Activities: Chronic Disease Self-Management Program
Diabetes Education Empowerment Program

Title IIID/ Disease Prevention and Health Promotion: Enter required program goal and objective numbers in the Title III D Service Plan Objective Table below:

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (Required)
2016-2017	730	1,2,3,4	1.a
2017-2018	2,592	1,2,3,4	1.a
2018-2019	3,450	1,2,3,4	1.a
2019-2020	3,456	1,2,3,4	1.a

TITLE IIIB and Title VIIA:
LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES

2016–2020 Four-Year Planning Cycle

As mandated by the Older Americans Act, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of enhancing the quality of life and care of residents.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

Outcome 1. The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. [OAA Section 712(a)(3),(5)]

Measures and Targets:

A. Complaint Resolution Rate (AoA Report, Part I.E, Actions on Complaints)

The average California complaint resolution rate for FY 2013-2014 was 73%.

1. FY 2014-2015 Baseline Resolution Rate: Number of complaints resolved <u>198</u> + Number of partially resolved complaints <u>175</u> divided by the Total Number of Complaints Received <u>538</u> = Baseline Resolution Rate <u>69%</u> FY 2016-17 Target Resolution Rate <u>70%</u>
2. FY 2015-2016 Baseline Resolution Rate: Number of complaints resolved 444 + Number of partially resolved complaints 248 divided by the Total Number of Complaints Received 948 = Baseline Resolution Rate 73% FY 2017-18 Target Resolution Rate 73%
3. FY 2016-2017 Baseline Resolution Rate: Number of complaints resolved <u>208</u> + Number of partially resolved complaints <u>150</u> divided by the Total Number of Complaints Received <u>524</u> = Baseline Resolution Rate <u>68%</u> FY 2018-19 Target Resolution Rate <u>70%</u>
4. FY 2017-2018 Baseline Resolution Rate: Number of complaints resolved <u>217</u> + Number of partially resolved complaints <u>228</u> divided by the Total Number of Complaints Received <u>614</u> = Baseline Resolution Rate <u>72%</u> FY 2019-20 Target Resolution Rate <u>72%</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

B. Work with Resident Councils (AoA Report, Part III.D.8)

1. FY 2014-2015 Baseline: number of Resident Council meetings attended <u>23</u> FY 2016-2017 Target: <u>23</u>
2. FY 2015-2016 Baseline: number of Resident Council meetings attended <u>61</u> FY 2017-2018 Target: <u>61</u>
3. FY 2016-2017 Baseline: number of Resident Council meetings attended <u>65</u> FY 2018-2019 Target: <u>65</u>
4. FY 2017-2018 Baseline: number of Resident Council meetings attended <u>30</u> FY 2019-2020 Target: <u>30</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

C. Work with Family Councils (AoA Report, Part III.D.9)

1. FY 2014-2015 Baseline number of Family Council meetings attended <u>6</u> FY 2016-2017 Target: <u>6</u>
2. FY 2015-2016 Baseline number of Family Council meetings attended <u>9</u> FY 2017-2018 Target: <u>9</u>
3. FY 2016-2017 Baseline number of Family Council meetings attended <u>13</u> FY 2018-2019 Target: <u>13</u>
4. FY 2017-2018 Baseline number of Family Council meetings attended <u>26</u> FY 2019-2020 Target: <u>26</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

D. Consultation to Facilities (AoA Report, Part III.D.4) Count of instances of ombudsman representatives' interactions with facility staff for the purpose of providing general information and assistance unrelated to a complaint. May be accomplished by telephone, letter, email, fax, or in person.

1. FY 2014-2015 Baseline: number of consultations <u>90</u> FY 2016-2017 Target: <u>90</u>
2. FY 2015-2016 Baseline: number of consultations <u>100</u> FY 2017-2018 Target: <u>100</u>
3. FY 2016-2017 Baseline: number of consultations <u>139</u> FY 2018-2019 Target: <u>139</u>
4. FY 2017-2018 Baseline: number of consultations <u>205</u> FY 2019-2020 Target: <u>205</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

E. Information and Consultation to Individuals (AoA Report, Part III.D.5) Count of instances of ombudsman representatives' interactions with residents, family members, friends, and others in the community for the purpose of providing general information and assistance unrelated to a complaint. Consultation may be accomplished by: telephone, letter, email, fax, or in person.

1. FY 2014-2015 Baseline: number of consultations <u>240</u> FY 2016-2017 Target: <u>240</u>
2. FY 2015-2016 Baseline: number of consultations <u>407</u> FY 2017-2018 Target: <u>407</u>
3. FY 2016-2017 Baseline: number of consultations <u>450</u> FY 2018-2019 Target: <u>450</u>
4. FY 2017-2018 Baseline: number of consultations <u>438</u> FY 2019-2020 Target: <u>438</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

F. Community Education (AoA Report, Part III.D.10) LTC Ombudsman Program participation in public events planned to provide information or instruction to community members about the LTC Ombudsman Program or LTC issues. The number of sessions refers to the number of events, not the number of participants.

1. FY 2014-2015 Baseline: number of sessions <u>10</u> FY 2016-2017 Target: <u>10</u>
2. FY 2015-2016 Baseline: number of sessions <u>7</u> FY 2017-2018 Target: <u>7</u>
3. FY 2016-2017 Baseline: number of sessions <u>7</u> FY 2018-2019 Target: <u>7</u>
FY 2017-2018 Baseline: number of sessions <u>3</u> FY 2019-2020 Target: <u>3</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

G. Systems Advocacy

In the box below, in narrative format, provide at least one new priority systemic advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year. If the systemic advocacy effort is a multi-year initiative, provide a systemic advocacy objective that explains progress made in the initiative during the prior fiscal year and identifies specific steps to be taken during the upcoming fiscal year. A new effort or a statement of progress made and goals for the upcoming year must be entered each year of the four-year cycle.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, State-wide, or even national in scope. (Examples: Work with LTC facilities to promote person-centered care and reduce the use of anti-psychotics, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies to improve LTC residents’ quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.

Enter information in the box below.

<p>Systemic Advocacy Effort(s) for the current fiscal year</p> <p>Ombudsman staff will also continue to closely monitor and work on systemic advocacy around the closure of SNFs and RCFEs in the City and County of San Francisco. In FY 2018-19, Ombudsman staff participated in a City workgroup focused on the supply of affordable assisted living in San Francisco. Staff will continue to advocate for and participate in the implementation of policies from this work in FY 2019-20, including recommendations related to expansion of locally-funded subsidy programs and the state’s Assisted Living Waiver, as well as supporting a caregiver workforce pipeline for assisted living facilities.</p> <p>The Ombudsman will also continue to work with AAA staff and community stakeholders on implementation of the LGBT Senior Long-Term Care Facilities Bill of Rights legislation passed by the City of San Francisco and State of California. Once the publication of the handbook is complete this year, Ombudsman will help disseminate these booklets throughout the City’s assisted living and skilled nursing facilities.</p>

Outcome 2. Residents have regular access to an Ombudsman. [(OAA Section 712(a)(3)(D), (5)(B)(ii)]

Measures and Targets:

A. Facility Coverage (other than in response to a complaint), (AoA Report, Part III.D.6)

Percentage of nursing facilities within the PSA that were visited by an ombudsman representative at least once each quarter not in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

- | |
|--|
| 1. FY 2014-2015 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>15</u> divided by the total number of Nursing Facilities <u>21</u> = Baseline <u>71.4%</u>
FY 2016-2017 Target: <u>71.4%</u> |
| 2. FY 2015-2016 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>16</u> divided by the total number of Nursing Facilities <u>22</u> = Baseline <u>73%</u>
FY 2017-2018 Target: <u>73%</u> |
| 3. FY 2016-2017 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>19</u> divided by the total number of Nursing Facilities <u>22</u> = Baseline <u>86%</u>
FY 2018-2019 Target: <u>86%</u> |
| 4. FY 2017-2018 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>21</u> divided by the total number of Nursing Facilities <u>21</u> = Baseline <u>100%</u>
FY 2019-2020 Target: <u>100%</u> |

Program Goals and Objective Numbers: Goals: 1,2,3,4 Objectives: 2a, 4e

B. Facility Coverage (other than in response to a complaint) (AoA Report, Part III.D.6)

Percentage of RCFEs within the PSA that were visited by an ombudsman representative at least once each quarter during the fiscal year not in response to a complaint. The percentage is determined by dividing the number of RCFEs in the PSA that were visited at least once each quarter not in response to a complaint by the total number of RCFEs in the PSA.

NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no RCFE can be counted more than once.

- | |
|--|
| 1. FY 2014-2015 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>33</u> divided by the total number of RCFEs <u>79</u> = Baseline <u>41.8%</u>
FY 2016-2017 Target: <u>41.8%</u> |
| 2. FY 2015-2016 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>54</u> divided by the total number of RCFEs <u>79</u> = Baseline <u>68%</u>
FY 2017-2018 Target: <u>68%</u> |
| 3. FY 2016-2017 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>39</u> divided by the total number of RCFEs <u>74</u> = Baseline <u>53%</u>
FY 2018-2019 Target: <u>70%</u> |
| 4. FY 2017-2018 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>47</u> divided by the total number of RCFEs <u>64</u> = Baseline <u>73%</u>
FY 2019-2020 Target: <u>73%</u> |

Program Goals and Objective Numbers: Goals: 1,2,3,4 Objectives: 2a, 4e

C. Number of Full-Time Equivalent (FTE) Staff (AoA Report Part III. B.2. - Staff and Volunteers)

This number may only include staff time legitimately charged to the LTC Ombudsman Program. Time spent working for or in other programs may not be included in this number. For example, in a local LTC Ombudsman Program that considers full-time employment to be 40 hour per week, the FTE for a staff member who works in the Ombudsman Program 20 hours a week should be 0.5, even if the staff member works an additional 20 hours in another program.

1. FY 2014-2015 Baseline: <u>6.0</u> FTEs FY 2016-2017 Target: <u>6.0</u> FTEs
2. FY 2015-2016 Baseline: <u>6.0</u> FTEs FY 2017-2018 Target: <u>6.0</u> FTEs
3. FY 2016-2017 Baseline: <u>6.07</u> FTEs FY 2018-2019 Target: <u>6.0</u> FTEs
4. FY 2017-2018 Baseline: <u>5.99</u> FTEs FY 2019-2020 Target: <u>5.99</u> FTEs
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

D. Number of Certified LTC Ombudsman Volunteers (AoA Report Part III. B.2. – Staff and Volunteers)

1. FY 2014-2015 Baseline: Number of certified LTC Ombudsman volunteers <u>10</u> FY 2016-2017 Projected Number of certified LTC Ombudsman volunteers <u>10</u>
2. FY 2015-2016 Baseline: Number of certified LTC Ombudsman volunteers <u>11</u> FY 2017-2018 Projected Number of certified LTC Ombudsman volunteers <u>11</u>
3. FY 2016-2017 Baseline: Number of certified LTC Ombudsman volunteers <u>15</u> FY 2018-2019 Projected Number of certified LTC Ombudsman volunteers <u>17</u>
4. FY 2017-2018 Baseline: Number of certified LTC Ombudsman volunteers <u>20</u> FY 2019-2020 Projected Number of certified LTC Ombudsman volunteers <u>26</u>
Program Goals and Objective Numbers: Goals: <u>1,2,3,4</u> Objectives: <u>2a, 4e</u>

Outcome 3. Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [OAA Section 712(c)]

Measures and Targets:

In the box below, in narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Resource System (NORS) data reporting. Some examples could include:

- Having Ombudsman Program staff and volunteers regularly attend NORS Consistency Training provided by the OSLTCO
- Hiring additional staff to enter data
- Updating computer equipment to make data entry easier
- Initiating a case review process to ensure case entry is completed in a timely manner

The Office of the State Long-Term Care Ombudsman’s (OSLTCO) planned revisions to the NORS data architecture will streamline data elements to reduce inconsistencies and make data entry more user-friendly. The SF LTC Ombudsman has hired a data entry/intake person to serve as a link with volunteer submissions of monthly reports to address issues of consistency and timeliness, and the Program and Field Services Coordinator will revise curriculum training to add a focus on data driven system. OSLTCO will visit local office March 15 to provide training on new data revision and consistency to staff and volunteers.

TITLE VIIA ELDER ABUSE PREVENTION
SERVICE UNIT PLAN OBJECTIVES

Units of Service: AAA must complete at least one category from the Units of Service below.

Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title III E Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.

NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Caregivers Served by Title III E** –Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title III E of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. OAA 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.
- **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and exploitation.
- **Educational Materials Distributed** –Indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Number of Individuals Served** –Indicate the total number of individuals expected to be reached by any of the above activities of this program.

TITLE VIIA ELDER ABUSE PREVENTION SERVICE UNIT PLAN OBJECTIVESThe agency receiving Title VIIA Elder Abuse Prevention funding is: Institute on Aging

Fiscal Year	Total # of Public Education Sessions
2016-2017	12
2017-2018	12
2018-2019	12
2019-2020	12

Fiscal Year	Total # of Training Sessions for Professionals
2016-2017	25
2017-2018	25
2018-2019	25
2019-2020	25

Fiscal Year	Total # of Training Sessions for Caregivers served by Title III E
2016-2017	0
2017-2018	0
2018-2019	0
2019-2020	0

Fiscal Year	Total # of Hours Spent Developing a Coordinated System
2016-2017	160
2017-2018	160
2018-2019	160
2019-2020	160

Fiscal Year	Total # of Copies of Educational Materials to be Distributed	Description of Educational Materials
2016-2017	3,000	A typical packet at a training session includes: <ul style="list-style-type: none"> • APS's Elder Abuse information fact sheet • IOA's Elder Abuse Fact Sheet (English & Spanish) • Bay Area Academy's Financial abuse fact sheet • SOC 341 including completion instructions • UC Irvine Bruising Study • Break the Silence fliers in multiple languages • Copy of the PowerPoint presentation California Penal Coders: Elder abuse for law enforcement
2017-2018	3,000	See above. New materials include brochures about the Veterans Benefits Protection Program
2018-2019	3,000	
2019-2020	3,000	

Fiscal Year	Total Number of Individuals Served
2016-2017	4,000
2017-2018	4,000
2018-2019	4,000
2019-2020	4,000

TITLE IIIE SERVICE UNIT PLAN OBJECTIVES**CCR Article 3, Section 7300(d)****2012–2016 Four-Year Planning Period**

This Service Unit Plan (SUP) uses the five broad federally-mandated service categories defined in PM 11-11. Refer to the CDA Service Categories and Data Dictionary Revisions Effective July 1, 2011 for eligible activities and service unit measures. Specify proposed audience size or units of service for ALL budgeted funds.

☒ Direct and/or Contracted IIIE Services

 **HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP)
SERVICE UNIT PLAN
CCR Article 3, Section 7300(d)**

MULTIPLE PSA HICAPs: If you are a part of a multiple-PSA HICAP where two or more AAAs enter into an agreement with one “Managing AAA,” to deliver HICAP services on their behalf to eligible persons in their AAA, then each AAA must enter State and federal performance target numbers in each AAA’s respective SUP. Please do this in cooperation with the Managing AAA. The Managing AAA is responsible for providing HICAP services in the covered PSAs in a way that is agreed upon and equitable among the participating parties.

HICAP PAID LEGAL SERVICES: Complete Section 3 if your Master Contract contains a provision for using HICAP funds to provide HICAP Legal Services.

STATE & FEDERAL PERFORMANCE TARGETS: In FY 2014, the State Health Insurance Assistance Program (SHIP) was transferred from the Centers for Medicare & Medicaid Services (CMS) to the Administration for Community Living (ACL). ACL has continued CMS’ policy requiring all SHIPs to meet established performance measures. Based on ACL guidelines and to assist AAAs in completing the Service Unit Plan, CDA provides State (1.1 and 1.2), and federal (2.1 through 2.7) performance measures (PM) annually. To download these measures and view definitions, visit <https://www.aging.ca.gov/ProgramsProviders/AAA/Planning/>

Section 3: HICAP Legal Services Units of Service (if applicable) ⁶

Fiscal Year (FY)	3.1 Estimated Number of Clients Represented Per FY (Unit of Service)	Goal Numbers
2016-2017	N/A	N/A
2017-2018	N/A	N/A
2018-2019	N/A	N/A
2019-2020	TBD	

⁶ Requires a contract for using HICAP funds to pay for HICAP Legal Services.

Fiscal Year (FY)	3.2 Estimated Number of Legal Representation Hours Per FY (Unit of Service)	Goal Numbers
2016-2017	N/A	N/A
2017-2018	N/A	N/A
2018-2019	N/A	N/A
2019-2020	TBD	

Fiscal Year (FY)	3.3 Estimated Number of Program Consultation Hours Per FY (Unit of Service)	Goal Numbers
2016-2017	N/A	N/A
2017-2018	N/A	N/A
2018-2019	N/A	N/A
2019-2020	TBD	

LEGAL ASSISTANCE

2016-2020 Four-Year Area Planning Cycle

This section must be completed and submitted with the Four-Year Area Plan. Any changes to this Section must be documented on this form and remitted with Area Plan Updates.⁷

1. Specific to Legal Services, what is your AAA's Mission Statement or Purpose Statement? Statement must include Title IIIB requirements:

PSA: Provide leadership in addressing issues that relate to older Californians; to develop community-based systems of care that provide services which support independence within California's interdependent society, and which protect the quality of life of older persons and persons with functional impairments; and to promote citizen involvement in the planning and delivery of services.

2. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services?

PSA: 45%

3. Specific to Legal Services, has there been a change in your local needs in the past four years? If so, please identify the change (include whether the change affected the level of funding and the difference in funding levels in the past four years).

PSA: Requests for housing related legal assistance continue to be the most frequent need of LSP clients. On an operational level, LSP wages have not been able to keep up with the rapid cost of living increases in San Francisco. This has resulted in increased staff turnover and jeopardized consistency of services. To support retention of LSP staff with expertise in working with senior clients and addressing their legal needs, additional local funding (General Fund) was dedicated to LSPs in FY 2017-18 to support staff retention through increase of wages.

4. Specific to Legal Services, does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services?

PSA: Yes.

5. Does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priorities issues for legal services? If so what are the top four (4) priority legal issues in your PSA?

PSA: Priority areas are identified based on needs assessment analysis provided by the agency Planning Unit and input from LSPs about the areas in which they receive the most requests. The top issues remain the same as the previous year: Housing, Individual Rights (Elder Abuse, Immigration/Naturalization), Income Maintenance, and Consumer/Finance.

⁷ For Information related to Legal Services, contact Chisorom Okwuosa at 916 419-7500/chisorom.okwuosa@aging.ca.gov

6. Specific to Legal Services, does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? If so, what is the targeted senior population in your PSA AND what mechanism is used for reaching the target population? Discussion:

PSA: The AAA uses Older Americans Act guidelines, as well as needs assessment analysis prepared by the agency Planning Unit and input from the LSPs to identify target populations. (See #7 below for more detailed info on target population and outreach mechanisms.)

7. Specific to Legal Services, what is the targeted senior population and mechanism for reaching targeted groups in your PSA? Discussion:

PSA: The targeted senior populations continue to include low-income, minorities, non-English speaking, LGBT, frail, and most vulnerable older adults. In order to reach these targeted groups, the LSPs are active in the community: attending and participating in various community events, hosting on and off-site educational events, and staffing off-site legal clinics. The LSPs also publish and widely distribute a “Senior Rights Bulletin” at least twice a year on timely and relevant topics of interest to our target population. The bulletin is available in three languages and contains contact info for each LSP.

8. How many legal assistance service providers are in your PSA? Complete table below.

Fiscal Year	# of Legal Assistance Services Providers
2016-2017	4
2017-2018	4
2018-2019	4
2019-2020	4

9. Does your PSA have a hotline for legal services?

PSA: PSA 6 does not have a singular hotline for legal services but there are three major telephone based referral sources: (1) DAAS Integrated Intake Unit receives calls from consumers and caregivers and are provided appropriate referrals to the senior legal service provider(s); (2) Aging and Disability Resources Center (ADRC) provides neighborhood coverage and multi-lingual information and assistance to both phone callers and walk-in consumers; and (3) Consumers can also access information and referral services by calling “211” (new format for the previous United Way Helpline) and the City of San Francisco-run “311” information line.

10. What methods of outreach are Legal Services providers using? Discuss:

PSA: LSPs in PSA 6 frequent various community meetings, neighborhood fairs, educational forums, and network with other service providers throughout the area. Using local General Fund resources, the LSPs publish and widely distribute a Senior Rights Bulletin in multiple languages at least twice a year, which serves as a valuable outreach tool. Many providers are well-known in San Francisco because of their organizational age and long history of service in the community as well as ongoing legal clinics and outstation services they offer.

11. What geographic regions are covered by each provider? Complete table below.

Fiscal Year	Name of Provider	Geographic Region covered
2016-2017	<p>a. Asian Americans Advancing Justice - Asian Law Caucus</p> <p>b. Asian Pacific Islander Legal Outreach</p> <p>c. La Raza Centro Legal</p> <p>d. Legal Assistance to the Elderly</p>	<p>a. Citywide (primarily in Chinatown, Visitacion Valley, North and South of Market, Richmond, etc.)</p> <p>b. Citywide (primarily in Chinatown, Bayview-Hunters Point, Visitacion Valley, South and North of Market, Richmond, Western Addition, etc.)</p> <p>c. Citywide (primarily Mission, Bernal Heights, Excelsior, North and South of Market, etc.)</p> <p>d. Citywide (primarily North and South of Market, Bayview-Hunters Point, Western Addition, Richmond, Sunset, etc.)</p>
2017-2018	<i>see above</i>	<i>see above</i>
2018-2019	<i>see above</i>	<i>see above</i>
2019-2020	<i>see above</i>	<i>see above</i>

12. Discuss how older adults access Legal Services in your PSA:

PSA: Older adults contact the legal service providers directly by calling or dropping in to the agencies. Clients are also able to access legal services staff at various outstations or legal clinics held throughout PSA 6. Often times case managers or intake and referral specialists will refer consumers to the senior legal service providers. As more and more seniors and younger adults with disabilities become more tech savvy, they are also using the internet to search for resources.

13. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA. Discuss (include new trends of legal problems in your area):

PSA: The major issues are described below:

- **Housing:** Housing related assistance is the top requested issue seen by LSPs. Our legal providers devote an enormous amount of time to tenant's rights and eviction prevention issues. Housing cases opened by LSPs has grown even further over the last 2 years. There is a severe shortage of accessible and affordable housing in San Francisco while rents continue to skyrocket. The shortage means that low-income seniors and adults with disabilities are at extreme risk for homelessness. Our LSPs also continue to see the trend of increasing Ellis Act and Owner-Move-In evictions as a result of the housing shortage.
- **Elder Abuse:** In the area of Elder Abuse Prevention, our legal providers remain busy working on behalf of clients for the issuance of elder abuse restraining orders and working with clients to resolve incidents of financial abuse.
- **Consumer Protection:** Older adults who find themselves overwhelmed with consumer debt problems are able to seek intervention and assistance from LSPs. Many of these consumer debt problems are tied to fraud and identity theft. Sometimes these types of cases involve predators who are family members, crossing over into the Elder Abuse category. LSPs are

able to advise clients as to their rights and often intervene on their behalf to address the myriad of issues.

- *Naturalization*: PSA 6 is very rich in terms of its diverse immigrant communities, and the LSPs are key in assisting Legal Permanent Residents (LPR) to apply for citizenship. The legal service providers help resolve red flag issues that arise during the citizenship application process. These issues have increased due to the recent addition of increasingly complex questions about the “activities” of the LPRs in their home countries. These are very sensitive issues that must be guided by legal counsel.
- *Income / Benefit Maintenance*: LSPs continue to provide assistance related to Social Security, Pensions, Medicare, Medi-Cal, and other retirement benefit related issues.

14. In the past four years, has there been a change in the types of legal issues handled by the Title IIIB legal provider(s) in your PSA? Discuss:

PSA: There is no change in the type of legal issues, but what has varied is the prevalence of some issues over others. Demand has increase for services related to Housing, Elder Abuse, and Consumer Protection/Fraud.

15. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. Discuss:

PSA: Language access remains a barrier to overcome, but PSA 6 LSPs are very well equipped to handle multiple languages through the hiring of a multi-lingual staff. Awareness (or the lack thereof) of LSP assistance as well as a general understanding of one’s legal rights also continues to be a barrier. The LSPs publish a widely distributed “Senior Rights Bulletin” which is designed to educate readers on legal issues and also provides contact info for the LSPs. Outreach by the LSPs into the community and continued coordination with ADRCs and other referral sources seeks to heighten awareness of LSP services.

16. What other organizations or groups does your legal service provider coordinate services with? Discuss:

PSA: Legal Service Providers coordinate with several senior centers, ADRCs, and other senior serving agencies throughout PSA 6. In addition, the LSPs meet as a LSP Workgroup on at least a quarterly basis to help facilitate communication regarding any new reporting requirements, legal standards or emerging trends. The LSPs also meet as a group to coordinate the publishing of the Senior Rights Bulletin.

NARRATIVE OBJECTIVES

Please see the following pages for updates on the Area Plan 2016-2020 Goals and Objectives.

Goal #1: Improve Quality of Life

Rationale: Quality community-based long term care goes beyond providing what services people need. It encompasses a broader, more fundamental issue: what people require for a good life. Disease prevention and health maintenance programs tend to improve or increase the health and well-being of older persons and persons with disabilities. Services that offer opportunities for social interaction and engagement reduce the risk of isolation.

Objective	Projected Start/End Dates	TitleIIB Funded PD or C	Update Status
<p>1a. Health Promotion. OOA will continue to provide health promotion and risk prevention services that support wellness and reduce risks for chronic illness and fall prevention by implementing two types of evidence-based health promotion programs: (1) Physical Fitness and Fall Prevention Programs, such as Tai Chi for Arthritis and Fall Prevention, Matter of Balance, and Always Active, and (2) Chronic Disease Self-Management Education (CDSME) programs, including the Chronic Disease Self-Management Program (CDSMP) developed by Stanford University. An RFP will be issued in Spring 2016 to identify grantees to implement these programs and will include a new CDSME program, the new evidence-based Diabetes Empowerment Education Program (DEEP) developed by University of Chicago. Both CDSMP and DEEP are included in the evidence-based program list created by the Administration on Community Living and National Council on Aging.</p>	<p>July 2016 to June 2020</p>		<p>In FY 2018-19, DAAS added another site for the Always Active Physical Fitness program and increased service levels overall by about 10%. This program continues to exceed target levels due to client enthusiasm (almost 50% more consumers enrolled and attending classes than targeted, as well as 15% more consultation hours). Seven months into the fiscal year, the CDSMP and DEEP programs are showing significantly improved graduation rates for workshop and have served above their contract level by 56%. Title IID funds will be used to continue and maintain the Healthier Living CDSMP and DEEP programs. Local funds will be used to continue and maintain the Always Active Physical Fitness program. In addition, SNAP-Ed funding has enable DAAS to provide other health promotion programs, such as the Tai Chi for Arthritis and Fall Prevention, Walk With Ease, and Bingocize.</p>
<p>1b. Employment Support. Employment offers seniors and adults with disabilities the chance to form/maintain social connections, earn extra needed income in an expensive city, and achieve self-actualization. DAAS has been working to develop its capacity to support employment of seniors and adults with disabilities by expanding and creating part-time positions within the Senior Companion program and new DAAS Benefits and Resource Hub. DAAS will continue to work with community partners and other city departments to expand employment opportunities for these populations. In FY 16-17, DAAS will assume responsibility for the ARC SF employment contract with HSA.</p>	<p>July 2016 to June 2020</p>		<p>In FY 2018-19, DAAS received \$350,000 in new funding from the Board of Supervisors to increase capacity in the ReServe program, which seeks to place skilled and experienced seniors and adults with disabilities in jobs with time-limited wage subsidies. With this increased funding, ReServe will add additional recruiting events for participants and employers, provide new job coaching services, add more subsidized job placement opportunities, and help facilitate enrollment in job readiness training and placement through the JobsNOW! program. DAAS will also support DHS in exploring an expansion of its JobsNOW! program to support older adults (also funded with a Board enhancement). This program is primarily focused on supporting workforce development for public benefit recipients and provides on-the-job training and private market placements.</p>

Objective	Projected Start/End Dates	Title IIB Funded PD or C	Update Status
<p>1c. LGBT Aging Policy Task Force Recommendations. Limited supportive services are available to address the emotional, behavioral, health, and social isolation challenges faced by lesbian, gay, bisexual, and transgender (LGBT) seniors. DAAS will establish a new program to provide care navigation and peer volunteer support for LGBT clients in order to help this population to access needed services. This program will enroll 75 to 100 clients per year.</p>	July 2016 to June 2020		<p>Five years after the LGBT Aging Policy Task Force completed its work, DAAS has helped facilitate implementation of 11 of the 13 recommendations in the Task Force's final report, LGBT Aging at the Golden Gate. The two remaining recommendations relate to (a) improving the living conditions of the city's single-room-occupancy hotels and (b) ensuring the city's shelters are LGBT-friendly. In March, DAAS will partner with Supervisor Rafael Mandelman, CA State Senator Scott Wiener, and the Human Rights Commission to hold a town hall at the LGBT Community Center to celebrate the progress to date in implementing the LGBT Aging Policy Task Force's plan and discuss next steps to accomplish the final remaining recommendations.</p>
<p>1d. Age- and Disability-Friendly SF. The LTCCC Age- and Disability-Friendly San Francisco workgroup is focused on pro-actively addressing the needs of older adults, and the needs of adults of all ages with disabilities, as they remain in the community longer. Joining in the spirit of the World Health Organization (WHO) and AARP Livable Communities initiatives, this group of community stakeholders includes consumers, community-based service providers, city staff, and research partners. The work group is working on a baseline assessment and will develop an action plan with measurable indicators to make San Francisco a more livable and friendly for seniors and adults with disabilities.</p>	July 2016 to June 2020		<p>As of January 2019, the ADFS Implementation Workgroup wrapped up the first year of a three year implementation phase. In this first year, four recommendations were completed and seven were initiated and remain in progress. The Implementation Workgroup has identified 13 recommendations from the ADF Action Plan to work on in FY 2019-20. Early accomplishments included: increased crosswalk timing throughout San Francisco; ableism and ageism training for healthcare professionals; recommendations to address the decline of assisted living facilities; and state-level legislation to ensure that ride-share options (such as Uber and Lyft) are accessible. Meeting quarterly with a diverse group of partners, the ADFS workgroup will continue to work on implementation in the coming two years.</p>
<p>1e. Nutrition Support. OOA-funded congregate meals provide thousands of seniors and adults with disabilities with nutritious meals and opportunities for socialization every year. In recent years, DAAS has added two Choosing Healthy and Appetizing Meal Plan Solution for Seniors (CHAMPSS) meal sites, which provides meals at neighborhood restaurants. DAAS will consider additional innovative models for the provision of congregate meals and work to add CHAMPSS sites in other parts of the city.</p>	July 2016 to June 2020		<p>In FY 2018-19, budget enhancements from the Mayor and Board of Supervisors allowed DAAS to continue last year's expanded nutrition services and add a weekend meal site and a site in District 11's Excelsior neighborhood. Home-Delivered Meal service for seniors has grown by 87,234 meals this year (almost 5%). DAAS is focused on improving outreach to high-risk consumers to provide nutrition counseling and education, using new OOA outcome measures focused on food insecurity track referral to appropriate resources, such as nutrition counseling, education, and/or additional nutrition resources.</p>

Objective	Projected Start/End Dates	TitleIII B Funded PD or C	Update Status
<p>1f. SF Tech Council. The SF Tech Council advances digital inclusion for older adults and people with disabilities so all can participate in the City's connected community, accessing technologies that enhance their quality of life and age in the place of their choice. DAAS representatives will attend monthly meetings of the Tech Council to provide population knowledge and help develop opportunities for collaboration between government, community providers, and private businesses. In addition to the main Tech Council meeting, staff serve on the Steering Committee and the Learning and Access workgroup to support technological innovation and access for all.</p>	July 2016 to June 2020		<p>In FY 2018-19, the SF Tech Council (SFTC) has adopted a three-year strategic plan focusing on the intersection of employment and technology for older adults and adults with disabilities. With funding from Microsoft, Metta Fund, the Community Living Campaign and Ground Floor Public Affairs, SFTC hired CivicMakers Consulting to guide the strategic planning process. The new Employment & Technology Initiative engages consumers and employers in developing the initiative and establishes an external Board of Advisors to provide expertise and guidance. In FY 2019-20, SFTC anticipates having its initiative launched, including expanding SFTC membership and featuring speakers on employment/technology at SFTC meetings.</p>

Goal #2: Establish Better Coordination of Services

Rationale: San Francisco has some of the most creative and effective community-based long term care programs in the country. But the City does not yet have a well-coordinated network of home, community-based and institutional long term care services. Such a network that will enable older adults and adults with disabilities to remain as independent as possible in their homes and communities in the most integrated settings.

Objective	Projected Start/End Dates	TitleIII B Funded PD or C	Update Status
<p>2a. Elder Justice. DAAS collaborates with several community partners and criminal justice agencies to prevent and mitigate abuse of elders and adults with disabilities. The Forensic Center convenes a multi-disciplinary team of service providers, law enforcement, the Ombudsman and Adult Protective Services to collaborate around the resolution of complex cases of abuse, neglect, and self-neglect. Providing outreach and education to mandated reporters as well as the community, is a key focus for the Elder Abuse Prevention program. This program has recently launched a new initiative aimed at educating veterans, their families, and service providers about financial exploitation targeting Veterans Administration benefits. Prevention activities include education to veterans and their providers, a public awareness campaign, as well as stakeholder collaboration to improve identification and response to financial abuse.</p>	July 2016 to June 2020		<p>The Elder Abuse Prevention program continues its work to educate vulnerable adults and service providers on elder abuse awareness, anticipating similar service levels as in prior years. This is provided in a variety of languages to meet the primary language needs of the City's diverse older adult population. In FY 2018-19, APS is working with the Forensic Center on creating an Elder Death Review Team (EDRT). Key partners are the City's District Attorney's Office and the City's Medical Examiner. In reviewing cases of deceased vulnerable adults that may have been victims of abuse, the EDRT aims to identify how the abuse/neglect/or exploitation took place, and then form methods to collaborate between agencies to prevent similar actions to other vulnerable adults in the future.</p>

Objective	Projected Start/End Dates	Title III B Funded PD or C	Update Status
<p>2b. Dementia Care Excellence. A 2014 addendum to the 2009 San Francisco Strategy for Excellence in Dementia Care identified new areas of work for the Dementia Care Excellence Oversight Committee. The committee continues to meet quarterly to develop and support strategies for serving persons with dementia. DAAS will provide staffing support, as well as program and community services knowledge to further the efforts of the workgroup. The current work of the committee is focused on supporting implementation of cognitive and screening tools in service programs like Adult Protective Services, as well as developing potential pilot programs to explore strategies to better serve persons with dementia.</p>	July 2016 to June 2020		<p>Emergency Departments (ED) are very challenging places for older people with dementia and have shown to sometimes decrease a person's life expectancy. Members of the Committee have been working with Hirsch and Associates, who have hired consultants to conduct a deep assessment of how to improve San Francisco hospital and ED care for seniors with cognitive impairments and dementia. This report, Transforming Emergency Care for Persons with Dementia, was completed in December 2018 and will be presented at the 2019 American Society on Aging conference in April. With a primary recommendation to develop geriatric emergency departments, most of these recommendations are focused on the medical system; DAAS will continue to partner as appropriate to support implementation. The Committee's current work has concluded; the group will resume as needed to support the policy agenda set forth by the Long-Term Care Coordinating Council.</p>
<p>2c. Long-Term Care Coordinating Council. The Long Term Care Coordinating Council (LTCCC) is an advisory body to the Mayor's Office. It evaluates all issues related to long term care (LTC) and supportive services, including how different service delivery systems interact, and it makes recommendations about how to improve service coordination and system interaction. LTCCC workgroups with representatives from client populations, service providers, and city agencies focus on specific topic areas, such as palliative care, housing, and HIV/Aging. DAAS will provide staffing support, as well as population and program knowledge, to support the sustainability and efficacy of the LTCCC.</p>	July 2016 to June 2020		<p>The LTCCC is - and will continue - its efforts to reestablish its framework for identifying and prioritizing current issues in long-term care to focus on and its process for developing a cogent policy agenda with relevant and impactful policy recommendations for the Mayor. Thus far, the LTCCC has focused on identifying the broader policy areas that will guide its work for the coming years, while also developing specific policy areas to focus on more immediately in 2019. For example, one policy area prioritized by the LTCCC for its work is workforce, including employment opportunities for older people and adults with disabilities, as well as workforce challenges in the field of aging (e.g., the available supply of geriatricians, social workers, and caregivers to meet the size of the growing older adult population).</p>

Objective	Projected Start/End Dates	TitleIIB Funded PD or C	Update Status
<p>2d. Transitional Care. In FY 15-16, the DAAS Integrated Intake and Referral Unit created the IHSS Care Transitions Program (CTP) to support IHSS applicants transitioning home after a hospitalization. This program is a smaller, more targeted version of the SF Transitional Care Program developed through a Medicare demonstration project that concluded in 2015. CTP aims to reduce readmissions after discharge by offering up a variety of services during the first few weeks back in the community, such as: temporary home care; home-delivered meals; transportation to a follow up doctor’s appointment; mediation review; and review of health plan goals. DAAS will provide this service to 1,000 applicants a year.</p>	July 2016 to June 2020		The IHSS Care Transitions Program is on track to serve over 1,000 clients, who are new IHSS applicants transitioning home from the hospital. In FY 2018-19, DAAS will complete a retrospective report on CTP that analyzes program trends since its inception. This report will provide guidance in potential ways to strengthen the program in FY 2019-20.

Goal #3: Increase Access to Services

Rationale: Adults with disabilities, older adults, and caregivers express difficulty in learning about long term care and supportive services. To address this, services need to be consumer-responsive and user-friendly, giving consumers and caregivers choices in the services they receive. Information must be easily accessible and provided in a culturally appropriate manner to address the varied needs of San Francisco’s racially, ethnically and culturally diverse communities.

Objective	Projected Start/End Dates	TitleIIB Funded PD or C	Update
<p>3a. DAAS Benefits and Resource Hub at 2 Gough. In late FY 15-16, the DAAS Benefits and Resource Hub for People with Disabilities and Seniors was opened at 2 Gough Street. The DAAS Integrated Intake and Referral Unit, DAAS eligibility workers, and the County Veterans Service Office (CVSO) are co-located at this site, helping to break down service silos and enhance opportunities for cross-referral across programs. Clients visiting this site may be connected with a variety of programs, including In-Home Supportive Services (IHSS), Medi-Cal, CalFresh, CVSO, and the intake and referral services provided by the Intake Unit (e.g., home-delivered meals, Community Living Fund, etc). DAAS anticipates 600 clients per month will visit the site.</p>	July 2016 to June 2020		The Hub has continued to serve older adults, people with disabilities, caregivers, and veterans. The Hub continues to receive approximately 770 visits per month. In FY 2018-19, DAAS will slightly restructure operations at the Hub to account for past and upcoming growth, enhance service integration, and support smooth operation. A primary change will be to institute a single manager with oversight of all the major program functions operating at the site, including the DAAS Integrated Intake and Referral Unit, the County Veterans Service Office, and the DAAS Eligibility workers.

Objective	Projected Start/End Dates	Title III B Funded PD or C	Update
<p>3b. Aging and Disability Resource Centers. Through the Aging and Disability Resource Center (ADRC) network, DAAS promotes independent living in the community by providing information, referral, and assistance services. ADRC workers link consumers with community-based supports and also provide translation services, assist clients in filling out forms and provide hands on assistance with applying for services such as housing opportunities. In recent years, the program capacity has increased by shifting to a new model with Information and Assistance specialists at eight community-based organizations and increasing to a full 1.0 FTE at each site. Reaching diverse communities throughout the city, this program will serve 16,230 clients in FY 16-17.</p>	July 2016 to June 2020		The ADRC network had over 29,000 contacts with clients in FY 2017-18. With the new contract cycle that began this year, DAAS added sites so that every supervisorial district in the City has at least one ADRC site. In the first half of FY 2018-19, an average of 1,500 distinct consumers are served each month across the city's ADRC sites; in total, 18,000 information and referral sessions have been reported.
<p>3c. Enhanced Client Assessment and Referral. DAAS program staff visiting clients in their homes have valuable opportunities to identify unmet need for supportive services among vulnerable seniors and adults with disabilities. DAAS has already begun to utilize these opportunities by training In-Home Supportive Services (IHSS) social workers to assess for nutrition risk and potential eligibility for home-delivered groceries. DAAS will further expand the capacity of IHSS and Adult Protective Services (APS) program social workers to screen for dementia and depression identify at-risk clients and make referrals to the Clinical Quality Assurance unit or other community services as indicated.</p>	July 2016 to June 2020		Both IHSS and APS social workers have started to carry out dementia and depression screenings, using a mobile application that can be accessed on a handheld device. This enhancement helps ensure standardization of the screening process, as well as facilitate data analysis and evaluation. Clients identified as high risk are referred to the CQA team for follow up. DAAS will continue to partner with UCSF's Optimizing Aging Collaborative on this effort. UCSF will conduct an evaluation, and DAAS will work in the next year to determine how best to use this information for quality assurance and improvement processes.
<p>3d. Clinical and Quality Assurance Support. The DAAS Clinical and Quality Assurance (CQA) unit was launched in FY 15-16 to provide clinical consultations by Registered Nurses and Licensed Clinical Social Worker to serve IHSS and APS consumers with complex clinical needs, including complex medical, nursing and behavioral health needs. Working collaboratively within DAAS and with outside healthcare professionals, CQA staff evaluate clients' medical and/or behavioral health needs, assess client's readiness for change and engagement with services, and create client-centered service plans. The CQA unit will serve 500 consumers in FY 16-17.</p>	July 2016 to June 2020		In partnership with IHSS and UCSF, the CQA unit launched an Early Screenings and Intervention Program (ESIP) pilot in March 2018. Through this pilot, IHSS recipients are screened for dementia and depression during their IHSS assessment; those found to have additional risk factors are referred to CQA for further assessments and interventions. The CQA licensed clinical social workers provide additional assessments, client engagement with services, client/caregiver's education and other health promotion and disease prevention activities that may include review of medications and advance care planning with client's primary care providers (PCP), families and caregivers.

Objective	Projected Start/End Dates	Title III B Funded PD or C	Update
<p>3e. Food Security. Established in 2005 by San Francisco Board of Supervisors, the Food Security Task Force (FSTF) is responsible for creating a city-wide plan addressing food security. The lead OOA nutritionist attends monthly FSTF meetings, providing insight into population trends, service provision levels, and unmet needs related to seniors and adults with disabilities. This participation supports collaboration and service coordination to improve support for all age groups. A key focus of this group is monitoring/reporting on progress and making recommendations towards the city's resolution to End Hunger by 2020.</p>	July 2016 to June 2020		<p>With funding from Stupski Foundation, the FSTF completed a comprehensive food security assessment of the vulnerable populations in the City and published the 2018 Food Security Report for the Board of Supervisors & Mayor's Office in December 2018. A key finding of this report is that - although San Francisco has worked across sectors to make significant progress in supporting food security for all its residents - the economic conditions that contribute to food insecurity have intensified. And, as the City population has grown, the number of San Franciscans at high risk for food insecurity due to low income has actually increased. The full report is available at: www.sfdph.org/foodsecurity. Over the next year, one area DAAS will work in collaboration with FSTF is to help publicize, coordinate and implement the Supplemental Security Income "cash in" that will make thousands of seniors and people with disabilities newly eligible for CalFresh in summer of 2019; this benefit will greatly help low income population at most risk of food security.</p>
<p>3f. Supportive Services in Public Housing. Under the Rental Assistance Demonstration (RAD) Project that began in FY 15-16, community-based organizations will provide on-site supportive services for people living in public housing developments. Historically, these residents have been underserved and living in subpar housing conditions. The goals of this effort are to provide supportive services and service connection to seniors and adults with disabilities, enhance residents' abilities to age in place, avoid premature institutionalization, and build community in their environments. DAAS is responsible for managing 11 contracts for 866 units at housing sites serving seniors and adults with disabilities. In FY 16-17, this will grow to 20 total contracts (approximately 2,000 units citywide).</p>	July 2016 to June 2020		<p>In FY 2018-19, DAAS continues to partner with six organizations to administered twenty contracts for supportive services and service connections to older adults and adults with disabilities living in public housing developments. Twenty sites have undergone building rehabilitation to improve the livability of the residences. The RAD Supportive Services Program supports residents to maintain housing stability through its service connection and resources, as well as social and educational activities that enhance community building. All contracts are on target to meet their annual goals of outreach to 100% of residents and supporting housing stability for 95% of all tenants. In the first half of FY 2018-19, the program served a monthly average of 1,535 unduplicated residents, about 77% of units, and provided a total of 1,667 activities to residents. In FY 2019-20, DAAS anticipates similar service levels.</p>

Goal #4: Improve Service Quality			
Rationale: Quality standards help maximize the positive impact of services for seniors and adults with disabilities. Key components of quality include program accountability, performance measurement, and cultural competency. Technical assistance and support supports service quality.			
Objective	Projected Start/End Dates	Title I/II B Funded PD or C	Update Status
4a. Contractor Collaboration. OOA programs providing personalized service to clients with complex needs and/or operating within stringent program standards benefit from regular group meetings with OOA analysts. These meetings offer the opportunity to discuss population trends, collaboratively strategize on how best to meet client needs, and provide technical assistance. OOA staff will hold quarterly meetings with service providers including: Nutrition, Legal Services, Naturalization, Community Services, and Case Management.	July 2016 to June 2020		Quarterly meetings with these program providers will continue in FY 2019-20. These meetings will provide a key venue for DAAS to work with service providers to improve outcome measures to better understand the impact that services have for clients. DAAS will also use these meetings as opportunities to report back on program trends, support collaboration and sharing of knowledge between providers, and provide technical assistance and guidance to service providers.
4b. Cultural Competency with LGBT Clients. LGBT seniors and adults with disabilities have unique needs but may hesitate to access needed services due to concerns about stigma. It is imperative that all DAAS service providers offer a welcoming environment to this population, so that this population is comfortable accessing services. DAAS will expand on its existing training on serving LGBT population to incorporate issues related to the intersection of aging and dementia. This training will be provided on an ongoing basis, offering 25 trainings for a total of 250 providers each year.	July 2016 to June 2020		DAAS has, and will, continue to fund and directly offer outreach, training sessions and technical assistance to service providers in working with LGBTQ community members and recording sexual orientation and gender identity data. An equity analysis of service utilization by LGBTQ older adults found that this population tends to access services at lower rates than the overall population. Part of the Department's work to address this disparity will be to convene community leaders and service providers to discuss strategies to ensure LGBTQ community members feel comfortable accessing services across the city, not just those offered by LGBTQ-focused agencies, and that clients feel comfortable disclosing their identity.
4c. Community-Based Case Management. OOA case management is a core DAAS program, facilitating critical service connections for seniors and adults with disabilities struggling to manage their needs. To strengthen this program and maximize its effectiveness, DAAS has developed a variety of strategies in recent years, including the expansion of the Clinical Consultant Collaborative and online medication management model. In FY 16-17, the DAAS Integrated Intake and Referral Unit will assume responsibility for centralized intake process and single waitlist for this service.	July 2016 to June 2020		OOA continues to work with community providers and the DAAS Integrated Intake Unit to refine the centralized intake and waitlist system that was launched in May 2017. The OOA Clinical Consultant Collaborative continues to provide group and one-to-one clinical support to OOA funded Case Management staff. In FY 2018-19, OOA has introduced new performance and outcome measures to better measure the impact of this program. OOA will also work with the database vendor to streamline the assessment tool and develop new reports from this improved assessment.

Objective	Projected Start/End Dates	Title/IB Funded PD or C	Update Status
<p>4d. Strategies to Support High-Risk APS Clients. Adult Protective Services clients that experience chronic self-neglect are more likely to be referred back to the program within one year of case closure. These clients typically require greater levels of engagement and case management on the part of the social worker in order to achieve stabilization, when compared with other APS clients. The APS program will develop clinically-based strategies to improve the effectiveness of intervention with these clients and develop mechanisms for tracking the outcomes of clients that are continually re-referred to APS for self-neglect.</p>	July 2016 to June 2020		In FY 2018-19, APS applied for and was awarded funds through a grant from the California Department of Social Services to pilot innovative approaches that support housing stability and eviction prevention for seniors and adults with disabilities with high eviction risk who are referred to APS. This includes persons who are formerly homeless. Key partners in this pilot include the Department of Homelessness & Supportive Housing and Institute on Aging with a focus on bringing intensive case management services to those who are destitute and at immediate risk of losing their housing.
<p>4e. Long-Term Care Residents. DAAS will work with the LTC Ombudsman program to ensure service is meeting the diverse needs of the local senior and disabled populations. This includes maintaining capacity to serve Chinese-speaking clients, as well as ensuring proper implementation of recent City of San Francisco legislation related to LGBT residents.</p>	July 2016 to June 2020		The LTC Ombudsman program has further increased Chinese language capacity in-house by developing and hiring another part-time bilingual staff position, bringing the total to 3 part-time Chinese bilingual staff. Volunteer recruitment efforts have been successful in increasing total certified volunteers from the previous year, though bilingual volunteers have been difficult to recruit. The LTC Ombudsman program will continue to grow volunteers corps with a focus on bilingual volunteers. Target for total volunteers working for the program will be 23 in FY 2019-20. Additionally, the LTC Ombudsman program will participate in the development and launch of a live training regarding state and local LGBT rights in long-term care facilities.
<p>4f. Workforce Development. Launched in 2015, the DAAS staff training program is intended to ensure all staff is aware of key issues related to aging and disability. It consists of a mandatory core curriculum focused on basic population topics, as well as optional sessions focused on specialized content. All DAAS staff is expected to complete the core requirements within two years of initial implementation or their start date.</p>	July 2016 to June 2020		In FY 2018-19, DAAS hired a program analyst whose role is focused on facilitating both internal and external (community) trainings. Most immediately, she is focusing on logistical improvements to the Department's mandatory core curriculum and providing program-specific trainings (e.g., topics related to awareness and self-defense for direct practice workers). In coordination with Advisory Council, this analyst also manages quarterly trainings for the community, which will soon be offered at the Bethany Center.

GOVERNING BOARD

GOVERNING BOARD MEMBERSHIP 2016-2020 Four-Year Area Plan Cycle

CCR Article 3, Section 7302(a)(11)

Total Number of Board Members: 7 (1 vacant)

Name and Title of Officers:

Office Term Expires:

Gustavo Serina, Commission President	1/15/20
Katie Loo, Commission Vice President	1/15/20

Names and Titles of All Members:

Board Term Expires:

Martha Knutzen	1/20/20

William Marotta	3/31/2020

Indicate which member(s) represent each of the “Other Representation” categories listed below.

	Yes	No
Low Income Representative	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Disabled Representative	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Supportive Services Provider Representative	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Health Care Provider Representative	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Family Caregiver Representative	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Local Elected Officials	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Individuals with Leadership Experience in Private and Voluntary Sectors	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Explain any "No" answer(s):

Briefly describe the local governing board’s process to appoint Advisory Council members:

PSA: Half of the Members of the Advisory Board are appointed by the Aging and Adult Services Commission. All other members are appointed – one each – by their County District Supervisor.

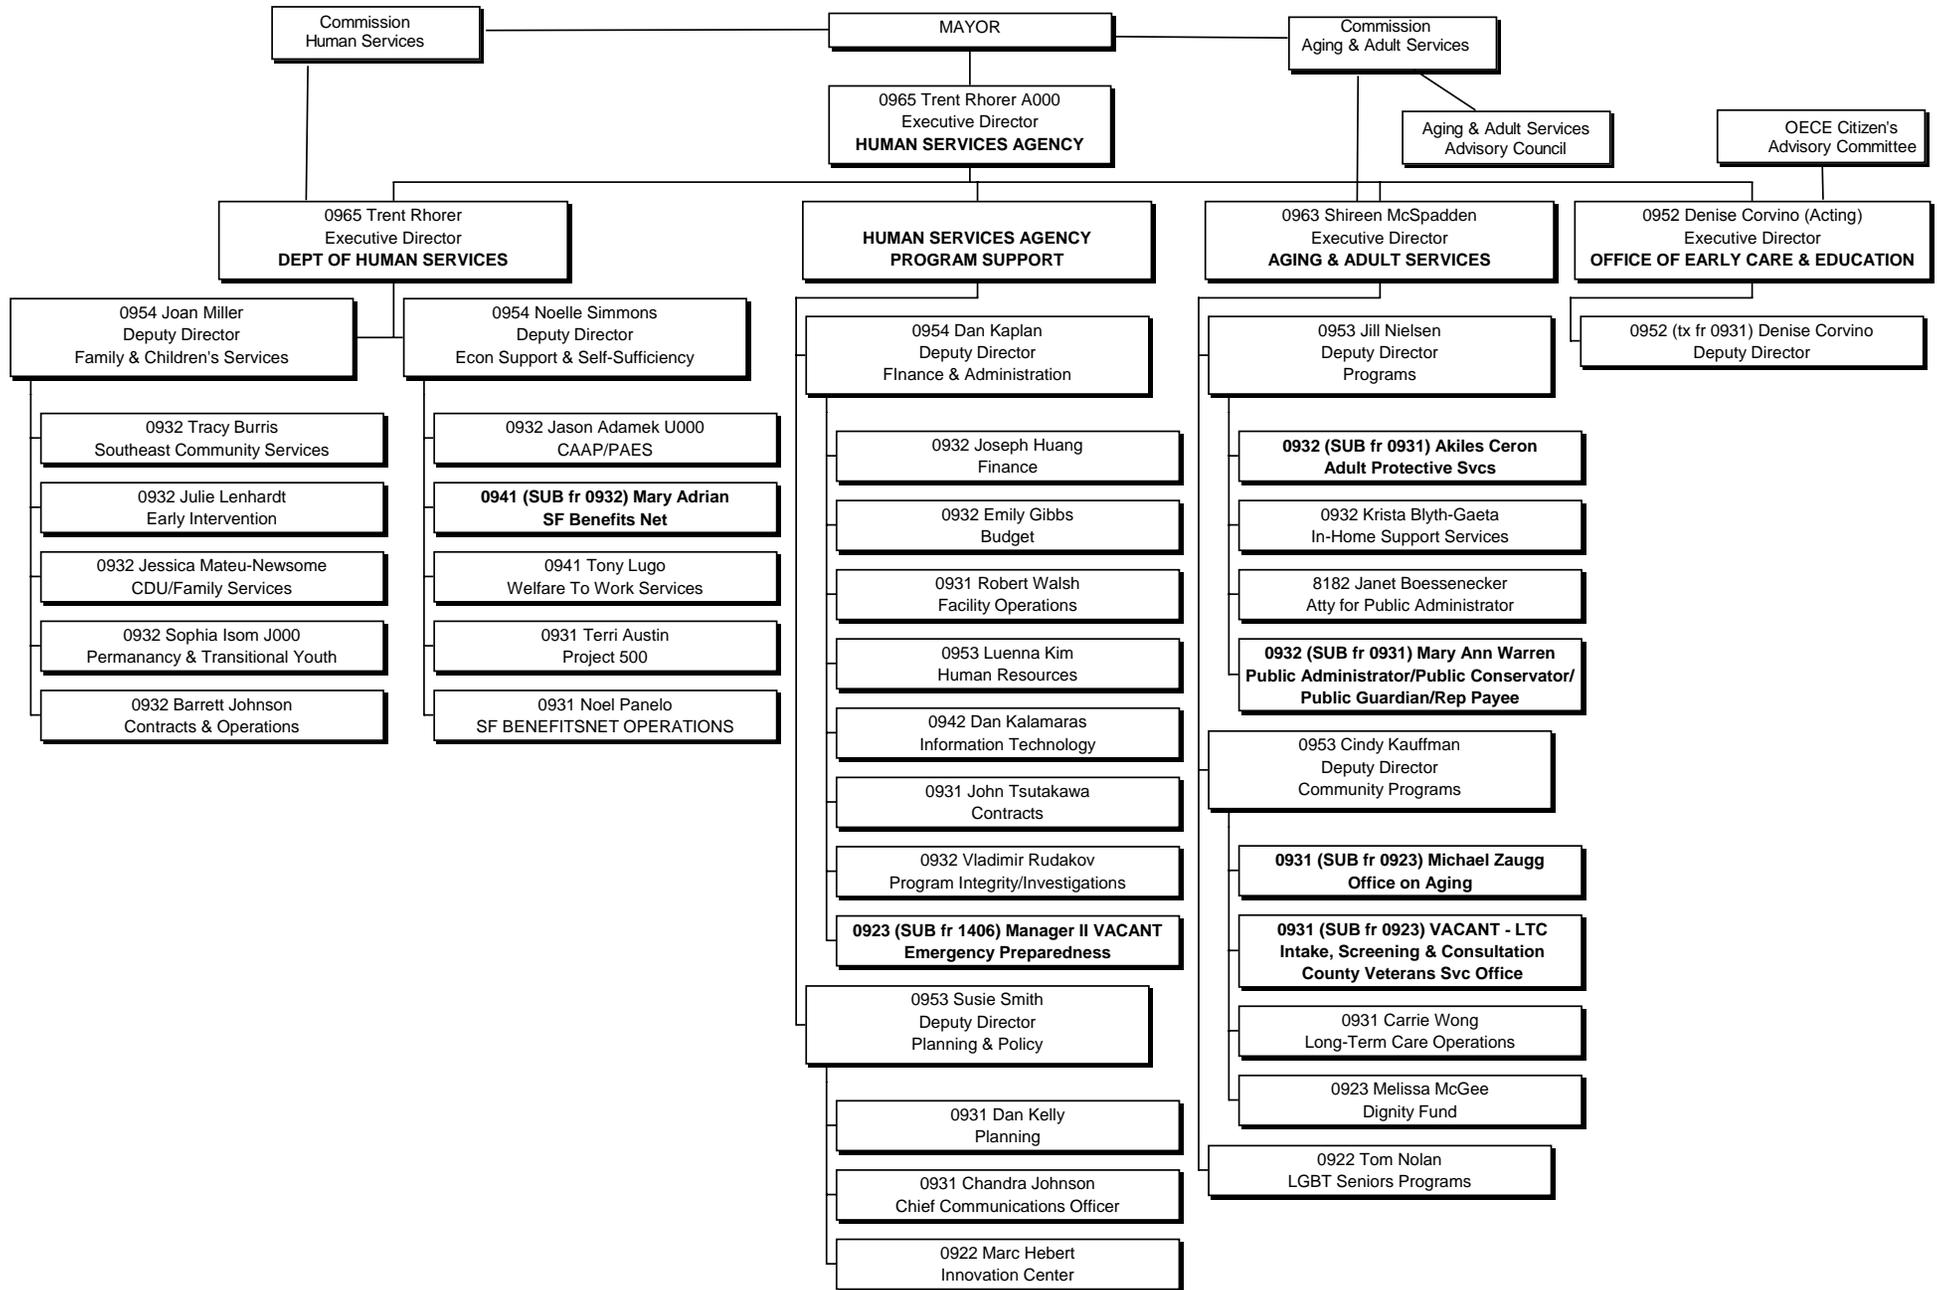

On August 19, 2015 Advisory Council Bylaws were amended (Article 2, Section 4, E, 2)

- E. Serve as a principal advocacy body on behalf of the population served, i.e.:
 - 2. Select delegates for the California Senior Legislature; CSL members are ex officio members of the Advisory Council
