Background

The purpose of these grants is empowerment, advocacy training, and coalition building. The focus is to help older adults and adults with disabilities understand services available to them, understand their rights as consumers, and understand how to ensure these services and rights. Much of the work is accomplished through collaboration building and joint advocacy with consumers, community based organizations, and policy makers.

Grant Modification

This grant modification extends the programs for an additional 12 months.

Services to be Provided

Home Care Advocacy

The Home Care Advocacy program works with consumers, community groups and policy-makers to assist older adults and adults with disabilities in advocating for in-home care essential to living in the community. Home care advocacy convenes two interrelated groups: 1) Healthcare Action Team (HAT) and 2) the In- Home Supportive Services (IHSS) Task Force. HAT is a consumer advocacy group that works to empower seniors and people with disabilities. HAT works directly with consumers to gather their experiences, build leadership, and strategize on issues that affect them. The IHSS Task Force emphasizes the importance of policy-makers remaining connected to those directly affected by the IHSS program. The IHSS Task Force brings together leaders of government agencies, non-profit organizations, and labor representatives with IHSS consumers and providers to facilitate listening, understanding and open communication.

Housing Advocacy and Counseling

The Housing Advocacy and Counseling program works with older adults and adults with disabilities in need of housing, tenant's rights, and Single Room Occupancy hotel ("SRO") matters. This is accomplished through counseling services provided in conjunction with the Housing Rights Committee of San Francisco. Housing advocacy efforts include outreach, education, and coalition building. It also includes participation in public hearings and community forums that advocate for affordable housing, tenant and SRO resident rights.

Long-Term Care Consumer Rights Advocacy (LTCCRA)

The LTCCRA program provides information and training to individuals, family members, caregivers, and agencies on the services guaranteed through long-term care services in San Francisco. LTCCRA facilitates group trainings and drop-in clinics at community hubs and resource fairs. Through a multi-lingual call center at Grantee's offices, the LTCCRA program provides an advice line for referrals, assistance, and follow-up services.

Senior and Disability Empowerment

Senior and Disability Empowerment includes the Senior and Disability Survival School and the Senior and Disability University Empowerment programs that are skills training modules. Senior and Disability Survival School educates older adults and adults with disabilities on the supportive services available to them and how to access those services. Senior and Disability University Empowerment provides leadership training to enable consumers to advocate for their communities and themselves. Sessions are held at Community Centers, public libraries, and housing complexes throughout the City. Classes can be translated into several languages and are free of cost.

A newsletter, **SDA News and Views**, is published each month to give updates to the community on SDA programs and events.

Performance Monitoring

The four SDA programs were monitored in April 2019. Fiscal monitoring was conducted in March 2019. Each program was found in compliance.

Grantee Selections

Grantee was selected through Request for Proposals (RFP) #635, issued February 2015.

Funding

The funding is 100% County General Fund.

In conjunction with both empowerment programs, SDA convenes the Empowerment Advisory Council. This council has been around since the beginning of Senior Survival School. Its purpose is to steer the direction of the empowerment programs by providing feedback, suggesting class topics and locations and helping with outreach, set-up, and facilitation. The Council meets 6 times per year (once every other month).
